

CONTENTS

Chapter 1 Introduction	1
Chapter 2 A Problem	13
Chapter 3 A Solution Strategy	17
Chapter 4 Engineering Our Solution	23
Chapter 5 A Block Diagram and a Software Diagram	37
Chapter 6 About Our Microprocessor	45
Chapter 7 Inside the Microprocessor	53
Chapter 8 Getting to the Outside: Addressing	67
Chapter 9 Connecting the ROMs and RAMs	75
Chapter 10 Getting to the I/O Chips	85
Chapter 11 Controlling the Integrator	99
Chapter 12 Looking up in the Tables	101
Chapter 13 Interrupting the Microprocessor from the Comparator	109
Chapter 14 Responding to the Comparator's Interrupt	113
Chapter 15 Some "Housekeeping"	121
Chapter 16 A Look at Our Whole System	129
Chapter 17 Another Way to Read Out	137
Chapter 18 A Deeper Look Inside the Microprocessor	147
Chapter 19 Computing with a Microprocessor	157
Chapter 20 Looking ahead: The Software Problem	167
Index	169
