

CONTENTS

I. Introduction	1
1. The Hardware of Microcomputer Systems	3
2. Software Concepts	34
II. Entry and Presentation	55
3. Keyboards	57
4. The Video Display Terminal	82
5. Terminals	101
6. Printers and Printing Terminals	106
7. Medium-Speed Printers	120
8. Peripherals for Graphics	131
III. Storage	141
9. Introduction to External Storage	143
10. Magnetic Recording Methods	151
11. Cassette and Cartridge Drives	164
12. Disk Drives	173
13. Disk Operating Systems	194
14. Telecommunications	208
IV. System Integration	233
15. Operation of a Typical Operating System	235
16. Some Real Systems	246
Glossary	252
Index	281
