

CONTENTS

I. The Computers in Your Life	2
II. The Computers in Your Future	19
Part One Today's Information Systems	33
Chapter 1: Data Processing and Computers	35
Chapter 2: Data At the Center of the System	57
Chapter 3: Programs	83
Chapter 4: Hardware and the CPU	111
Chapter 5: Storage Devices	129
Chapter 6: Output Devices	145
Chapter 7: Input and the User	181
Chapter 8: Procedures	205
Chapter 9: People	231
Part Two Types of Information Systems	264
Chapter 10: Describing Systems and Applications	269
Chapter 11: A Batch (Uniprogramming) System: A Microcomputer system	279
Chapter 12: A Batch Application: Payroll	297
Chapter 13: A teleprocessing System	319
Chapter 14: Distributed Data Processing Systems	351
Epilogue: Looking Back-Looking Ahead	383
Appendix	509
