

CONTENTS

Nutritional Value and Composition of the Coconut	1
Methods of Carbohydrate Analysis	15
Determination of Vitamins B ₁ , B ₂ , B ₃ and B ₆ in Rice Using High Performance Liquid-Chromatography	28
Evaluation of Methods and Quality Monitoring Systems for Toxic Metals in Food	37
Simple Economic Investigation Systems Suitable for Selected Mycological Studies in Research-And Development and Quality Control	43
The Cyanide Content in Cassava and Cassava Products in Thailand	55
Thermoprocessing of Meat Products in Retort Pouches	62
Ultra High Thermal Processing and Aseptic Packaging	75
Technological Developments in Food Containers	82
Preliminary Studies on the Quality and Yield of Tropical Fish	92
Fermented fish Products of Malaysia	96
The Effect of Cooking on Aflatoxin B Content of Fermented Peanut Pressed Cake	107
Requirements and Possibilities for Minimizing Postharvest Losses in Grains in the – ASEAN Region	115
Food Irradiation-A Viable Technology for Reducing Postharvest Losses of Food	121
Characteristics of the “Carabao” Mango in Relation to its Postharvest Behavior	130
Postharvest Hot Water Treatment for Papaya and Mango with Special Reference to Practica-Operation	137
An Integrated Approach to Fish Spoilage	150
Quality changes in Fish Caught off the Coast of Peninsular Malaysia	163
The Scientific/Regulatory Environment and the International Life Sciences Institute (ILSU)	181
Food Additives and Contaminants	187
Effects of Vitamins and Minerals on the Genotoxicity of Aflatoxins and n-Nitrosamines	192
Food Additive Regulations – The Australian Experience	208
Microbiological Quality Control of Ready-to-Eat Food in Singapore	220
The development and Evaluation of Microbiological Standards for Foods	228
The ASEAN Food Handling Project and the Marketing of Fresh Food in ASEAN	234
Broadening the Market for Food Products in the ASEAN	242
Policies of the U.S. Food and Drug Administration in the Acceptance of Food Products	256
Quality Control in the Development of Food Export Markets	272
The Marketing of Convenience Foods in Relation to Cultural Characteristics of ASEAN	280
Managing Product Development as a Business Activity	293
Food Research Collaboration in the ASEAN	301
Concept on Process Improvement for the Small Scale Food Industry (Thailand)	311

Food Technology Education for the Food Industry	321
Educational Problems Encountered in Training Courses for Operatives in the Food Processing and- Food Service Industries	327
Food Science and Technology Training for the Developing Countries of Asia-The IFTTC – Experiment	335
Technology Transfer to the Food Industry-The NIST Experience	340
The Management and Utilization of Food Waste Materials in the ASEAN Region	349
A Solar-Biogas System for Food Drying	355
Biological Treatment Alternatives for Instant Noodle Wastewater	372
The Anaerobic Sludge Blanket for Treatment of Food Processing Effluents	384
Closing Address	407
Awarding Ceremonies	411
Closing Remarks	413
The Determination of Folic Acid in Food by HPLC	419
Simple Systems for Taxonomic Studies of Yeasts and Yeast-like Fungi	420
Nutritional Evaluation of Cream Soup Powder	421
Radiation and Heat Induced Changes in Contents of Vitamin A and Acid and Peroxide Values in Cereal based Mixtures	424
Analysis of Soluble Carbohydrates in Sweet Potato	430
Enterobacteriaceae of the Oyster	431
Mechanization of Fish Cracker Production	432
Development and Trend of Instant Noodle Industry	435
Utilization of Coconut Milk in Filled Soft Cheese and Yogurt Production	436
A Study of Fermentation Parameters Involved in the Production of Lactic Acid Preserved Fish Products	437
Inhibition of Browning in Canned Langsat	440
New Food Products from Coconut	444
Microbiological Characteristics of Tapai ubi, a Fermented Alcoholic Tapioca Food in Malaysia	445
Biochemical Characteristics of Tapai ubi, a Fermented Alcoholic Tapioca Food in Malaysia	450
Hastening Fermentation by Artificial Methods	454
Effects of Predrying Treatments on the Physico-Chemical, Nutritive and Organoleptic Qualities of Packaged Dehydrated Santol	458
Quality of Malaysian cured Fisheries Products during Storage	459
Spoilage Pattern of Faughn's Mackerel Stored in Ice	461
Improved Containers and Systems for Icing of Fish	469
Mesophilic Spoilage of Marine Fish	473
A Study of the Factors Involved in the Postharvest Yellowing of Rice	475
Meeting Standards of Export Markets for Prawns and Shrimps	482
The Role of Alternative Foods in the Rural Food Consumption Patterns in the Philippines	486
Effect of Pretreatment with n-Butylamine on Enzymatic Hydrolysis of Rice Straw	487

Other Industrial Uses of Rice Husk	493
Appendices	
Programmed	494
The Steering Committee	503
Organizing Committees	504
List of Delegates	511
