

Contents

<i>Preface</i>	v
Reclaimed Wastewater as a Water Resource – <i>Takashi Asano</i>	1
Appropriate Technologies for Wastewater Treatment and Reuse – <i>G. Tchobanoglous</i>	21
Water Quality Guidelines for Wastewater Reuse – <i>Takashi Asano and Rafael Mujeriego</i>	31
Agronomic and Public Health Assessment of Reclaimed Water Quality for Landscape Irrigation – <i>Rafael Mujeriego, Maria Carbo, Lluís Sala and Josep Turet</i>	49
Groundwater Recharge with Reclaimed Municipal Wastewater and Waters of Impaired Quality – <i>Takashi Asano</i>	62
Design of Ultraviolet Disinfection Systems: Comparison of Probabilistic and Deterministic Design Approaches – <i>George Tchobanoglous, Frank Loge Jeannie Darby and Marvin Devries</i>	71
Industrial Wastewater Effluents in Kuwait – <i>N. Al-Awadhi and K. Puskas</i>	85
Treatment & Utilization of Industrial Wastewater in Kuwait – <i>N. Al-Awadhi and K. Puskas</i>	110
Public Health Aspects of Wastewater Treatment and Reuse in Kuwait – <i>M.Y. Abdulraheem</i>	135
Municipal Wastewater and Waste Sludge in Kuwait – <i>I.I. Esen</i>	181

Wastewater Management in Kuwait – <i>W. Al-Essa</i>	214
Treated Sewage Effluent for Landscape Irrigation in Kuwait – <i>Fayez Al-Mathkour</i>	227
Reuse of Sewage Effluents for Irrigation – <i>Atta. F. El-Wakeel, Bauomy M. El-Nashar and O.A. Al-Hamad</i>	244
Wastewater Hydroponics: Iron Chelates – <i>M.S. Soufi, A.I. Safa and M. Jurdi</i>	260
Improvement of Wastewater Quality by Soil Aquifer Treatment – <i>M.N. Viswanathan</i>	276
Municipal Wastewater Desalination by Reverse Osmosis – <i>M. Abdel-Jawad, F. Al-Atram and S. Al-Shammari</i>	282
Metals Budget between Wastewater, Treated Water and Soil – <i>F. Abosamra and O. Assi</i>	292
Sewage Sludge as Soil Conditioner – <i>Samir Al-Ghawas</i>	303
