

CONTENTS

I. Computation Methods	1
II. Significant Figures	30
III. Algebraic Solution of Numerical Equations	36
IV. Approximate Methods of Solving Equations	53
V. Interpolation and Extrapolation	64
VI. Theory of Measurements	82
VII. Classification of Errors	96
VIII. Statistical Methods	125
IX. Theory of Errors	141
X. Statistical Interpretation of Measurements	174
XI. Curve Fitting	202
	Appendix
Bibliography	227
Tables	230
Author Index	239
Subject Index	243
