

# CONTENTS

## PART 1 FUNDAMENTALS OF BASIC MATHEMATICS

		Assignment
<b>Section 1 Whole Numbers</b>		
Unit 1	Addition of Whole Numbers . . . . .	1 5
Unit 2	Subtraction of Whole Numbers . . . . .	7 8
Unit 3	Multiplication of Whole Numbers . . . . .	11 13
Unit 4	Division of Whole Numbers . . . . .	16 18
Unit 5	Achievement Review on Whole Numbers . . . . .	20 20
<b>Section 2 Common Fractions</b>		
Unit 6	The Concept of Common Fractions . . . . .	23 26
Unit 7	Addition of Fractions. . . . .	29 31
Unit 8	Subtraction of Fractions. . . . .	33 35
Unit 9	Multiplication of Fractions . . . . .	39 41
Unit 10	Division of Fractions . . . . .	44 46
Unit 11	Achievement Review on Common Fractions. . . . .	49 49
<b>Section 3 Decimal Fractions</b>		
Unit 12	The Concept of Decimal Fractions . . . . .	52 55
Unit 13	Addition of Decimals . . . . .	58 58
Unit 14	Subtraction of Decimals . . . . .	61 61
Unit 15	Multiplication of Decimals . . . . .	64 65
Unit 16	Division of Decimals . . . . .	69 72
Unit 17	Achievement Review on Decimal Fractions . . . . .	74 74
<b>Section 4 Measurement: Direct and Computed: Customary Units</b>		
Unit 18	Principles of Linear Measure . . . . .	77 87
Unit 19	Principles of Angular and Circular Measure. . . . .	93 98
Unit 20	Principles of Surface Measure. . . . .	101 110
Unit 21	Principles of Volume Measure . . . . .	115 123
Unit 22	Achievement Review on Measurement (Customary Units). . . . .	128 128
<b>Section 5 Percentage and Averages</b>		
Unit 23	The Concepts of Percent and Percentage . . . . .	131 133
Unit 24	Application of Percentage, Base, and Rate . . . . .	136 137
Unit 25	Averages and Estimates. . . . .	139 141
Unit 26	Achievement Review on Percentage and Averages . . . . .	143 143
<b>Section 6 Finance</b>		
Unit 27	Money and Time Calculations . . . . .	145 146
Unit 28	Manufacturing Costs and Discounts. . . . .	148 150
Unit 29	Payrolls and Taxes. . . . .	152 155
Unit 30	Achievement Review on Finance . . . . .	157 157
<b>Section 7 Graphs and Statistics</b>		
Unit 31	Development and Interpretation of Bar Graphs . . . . .	159 163
Unit 32	Development and Interpretation of Line Graphs . . . . .	165 167
Unit 33	Development and Application of Circle Graphs . . . . .	169 170
Unit 34	Achievement Review on Graphs and Statistics. . . . .	172 172

**PART 2 FUNDAMENTALS OF SI METRIC AND CONVENTIONAL METRIC SYSTEMS**

**Section 8 Metrication: Organization and Systems**

**Assignment**

Unit 35	Standardization of Units of Measure . . . . .	174	181
Unit 36	Conventional System of Metric Measurement . . . . .	182	191
Unit 37	The Evolving International System – SI Metrics . . . . .	199	206
Unit 38	Achievement Review on SI Metrics and Conventional Metrics . . . . .	208	208

**PART 3 FUNDAMENTALS OF APPLIED ALGEBRA**

**Section 9 Symbols**

Unit 39	The Concept of Symbols. . . . .	212	217
Unit 40	Application of Symbols in Addition . . . . .	220	220
Unit 41	Application of Symbols in Subtraction . . . . .	223	224
Unit 42	Application of Symbols in Multiplication. . . . .	226	227
Unit 43	Application of Symbols in Division. . . . .	229	230
Unit 44	Achievement Review on the Use of Symbols. . . . .	233	233

**Section 10 Equations**

Unit 45	A Concept of Equations . . . . .	236	241
Unit 46	Positive and Negative Quantities. . . . .	243	246
Unit 47	Solving Equations by Addition. . . . .	249	249
Unit 48	Solving Equations by Subtraction. . . . .	252	252
Unit 49	Solving Equations by Multiplication . . . . .	255	256
Unit 50	Solving Equations by Division . . . . .	258	258
Unit 51	Solving Practical Problems with Equations . . . . .	261	261
Unit 52	Achievement Review on Equations. . . . .	262	262

**Section 11 Ratio and Proportion**

Unit 53	The Concept of Ratio. . . . .	266	267
Unit 54	The Concept of Proportion . . . . .	269	271
Unit 55	Application of Relationships to Proportion . . . . .	273	273
Unit 56	Achievement Review on Ratio, Proportion and Relationships . . . . .	275	275

**Section 12 Exponents**

Unit 57	The Concept of Exponents . . . . .	277	278
Unit 58	Algebraic Multiplication of Numbers and Letters. . . . .	281	283
Unit 59	Algebraic Division of Numbers and Letters. . . . .	285	286
Unit 60	Achievement Review on Exponents . . . . .	288	288

**Section 13 Radicals**

Unit 61	Square Root of Whole Numbers . . . . .	290	292
Unit 62	Square Root of Fractions and Algebraic Numbers . . . . .	294	295
Unit 63	Application of Square Root Tables. . . . .	297	299
Unit 64	Achievement Review on Radicals . . . . .	302	302

<b>Section 14 Formulas</b>		Assignment
Unit 65	The Concept and Use of Formulas . . . . .	304 305
Unit 66	Application of Formulas to Squares, Rectangles, and Regular Solids . . . . .	307 309
Unit 67	Application of Formulas to Circles and Parts of Circles. . . . .	312 314
Unit 68	Application of Special Formulas and Handbook Data . . . . .	317 318
Unit 69	Achievement Review on Formulas and Handbook Data . . . . .	320 320

## PART 4 FUNDAMENTALS OF APPLIED GEOMETRY

### Section 15 Geometric Lines and Shapes

Unit 70	The Concept of Lines, Angles and Circles. . . . .	323 325
Unit 71	Basic Flat Shapes. . . . .	327 329
Unit 72	Basic Solid Shapes. . . . .	331 332
Unit 73	Congruent and Symmetrical Flat and Solid Shapes. . . . .	334 336
Unit 74	Achievement Review on Geometric Lines and Shapes. . . . .	338 338

### Section 16 Common Geometric Constructions

Unit 75	Basic Geometric Constructions. . . . .	340 347
Unit 76	Constructions Applied to Geometric Shapes . . . . .	350 352
Unit 77	Achievement Review on Geometric Constructions . . . . .	353 353

## PART 5 FUNDAMENTALS OF APPLIED TRIGONOMETRY

### Section 17 Right, Acute, and Oblique Triangles

Unit 78	The Concept of Right Triangle Trigonometry . . . . .	354 356
Unit 79	Application of Tables of Trigonometric Functions . . . . .	358 361
Unit 80	Acute Triangles. . . . .	363 365
Unit 81	Oblique Triangles . . . . .	366 369
Unit 82	Achievement Review on Applied Trigonometry. . . . .	370 370

## PART 6 FUNDAMENTALS OF ADVANCED MATHEMATICS

### Section 18 The Slide Rule

Unit 83	The Concept of the Slide Rule . . . . .	372 376
Unit 84	Multiplication with the Slide Rule . . . . .	378 381
Unit 85	Division with the Slide Rule . . . . .	383 385
Unit 86	Combinations of Slide Rule Processes . . . . .	387 392
Unit 87	Achievement Review on the Slide Rule . . . . .	393 393

## PART 7 ELECTRONIC CALCULATORS

### Section 19 Calculators: Basic and Advanced Mathematical Processes

Unit 88	Calculators and Basic Mathematical Processes . . . . .	395 405
Unit 89	Four-Function Calculators and Advanced Mathematical Processes. . . . .	409 416
Unit 90	Achievement Review on Calculators . . . . .	419 419

**PART 8 FUNDAMENTALS APPLIED TO CONSUMER AND CAREER NEEDS**

<b>Section 20 Applications of Mathematics to Consumer and Career Needs</b>		<b>Assignment</b>
Unit 91	Consumer Applications of Mathematics . . . . .	423
Unit 92	Achievement Review on Consumer Applications of Mathematics . . . . .	452
Unit 93	Mathematics Essential to Careers, Career Planning and Development . . . . .	461
Unit 94	Achievement Review on Mathematics in Careers . . . . .	468

**Appendix**

Table I	Standard Tables of Customary Units of Measure . . . . .	470
Table II	Standard Tables of Metric Units of Measure . . . . .	471
Table III	Metric and Customary Decimal Equivalents for Fractional Parts of an Inch. . . . .	472
Table IV	Decimal and Millimeter Equivalents . . . . .	473
Table V	Conversion Factors for SI, Conventional Metric and . . . . . Customary Units	474
Table VI	Conversion of English and Metric Units of Measure . . . . .	476
Table VII	Natural Trigonometric Functions . . . . .	477
Table VIII	Powers and Roots of Numbers (1 through 100). . . . .	478
Table IX A	Square Roots of Numbers (1.000 - 5.490) . . . . .	479
Table IX B	Square Roots of Numbers (5.500 - 9.990) . . . . .	480
Table IX C	Square Roots of Numbers (10.00 - 54.90) . . . . .	481
Table IX D	Square Roots of Numbers (55.00 - 99.90) . . . . .	482
Table X	Circumferences and Areas . . . . .	483
Table XI	Tap Drill Sizes for American National Form Threads . . . . .	484
Table XII	Drill Sizes . . . . .	485
Table XIII	Sizes of Tapers and Angles . . . . .	485
Table XIV	Compound Interest Table . . . . .	486
Table XV	Calculator Processes for Common Geometric Constructions. . . . .	487
<b>Glossary</b>	. . . . .	488
<b>Index</b>	. . . . .	495
