**PREFACE**    xi

*PART I    What is Light?    1*

**CHAPTER 1    EARLY IDEAS OF LIGHT    3**

**CHAPTER 2    THE CLASSICAL THEORIES    7**

2.1    The Corpuscular Theory    8

2.2    The Wave Theory    9

2.3    Electromagnetic Waves    16

**CHAPTER 3    MODERN THEORIES    19**

3.1    Blackbody Radiation    21

3.2    Photoelectric Effect    24

3.3    The Nuclear Atom    25

3.4    Matter Waves    28

<i>PART II</i>	<i>Manipulation of Light</i>	33
<b>CHAPTER 4</b>	<b>GEOMETRICAL OPTICS</b>	<b>35</b>
4.1	Light Rays	36
4.2	Reflection and Refraction	38
4.3	Spherical Lenses and Mirrors	47
4.4	Conic Section Mirrors	55
<b>CHAPTER 5</b>	<b>POLARIZATION</b>	<b>65</b>
5.1	Transverse Waves and Polarization	67
5.2	Polarization by Reflection	68
5.3	Polarization by Scattering	70
5.4	Double Refraction	72
5.5	Circular Polarization	78
<b>CHAPTER 6</b>	<b>LASERS</b>	<b>83</b>
6.1	Absorption and Emission	84
6.2	Population Inversion	86
6.3	Ruby Laser	86
6.4	Helium-Neon Laser	89
6.5	Other Laser Types	90
6.6	Effects of the Optical Cavity	91
6.7	Coherence	94
6.8	Applications	97
<b>CHAPTER 7</b>	<b>HOLOGRAPHY</b>	<b>103</b>
7.1	Zone Plates	105
7.2	Hologram as a Set of Zone Plates	107
7.3	Improved Holograms	109
7.4	Holography and Photography	110
7.5	Holograms as Sets of Hyperbolic Mirrors	111
7.6	New Types of Holograms	115
7.7	Applications	116

*PART III Vision 119***CHAPTER 8 THE EYE 121**

- 8.1 Outer Shell 123
- 8.2 Pupil 123
- 8.3 Lens 125
- 8.4 Retina 126
- 8.5 Pathways to the Brain 137

**CHAPTER 9 SEEING 141**

- 9.1 Eye Movements 142
- 9.2 Optical Illusions 144
- 9.3 Seeing in Three Dimensions 148
- 9.4 Color Vision 154

*PART IV Color 165***CHAPTER 10 LIGHT AND COLOR IN NATURE 167**

- 10.1 Natural Light 168
- 10.2 Forced Oscillators 169
- 10.3 Rayleigh Scattering 172
- 10.4 White Light Scattering 174
- 10.5 Dispersion 175
- 10.6 Coronas and the Glory 182
- 10.7 Thin Film Colors 183
- 10.8 Pigments in Nature 184
- 10.9 Other Natural Lighting Effects 187

**CHAPTER 11 COLOR SCIENCE 191**

- 11.1 Newton's Work 192
- 11.2 Primary Colors 194
- 11.3 Attributes of Color 197
- 11.4 Color Solid and Color Atlases 198
- 11.5 Colorimetry 200

**APPENDIX A LENS AND MIRROR EQUATIONS 207**

**APPENDIX B SNELL'S LAW 215**

**APPENDIX C SCIENTIFIC NOTATION 219**

**INDEX 223**
