

Contents

List of Photographs.....	xi
Preface.....	xv
Editor's Note.....	xix
Why Chemistry?	3
Background.....	4
Early Exposures to Science.....	8
The University Period.....	14
Nucleic Acid Studies.....	21
Two Trips East.....	28
The Rockefeller Institute.....	36
Peptides.....	43
Solid-Phase Peptide Synthesis.....	54
The Rockefeller University.....	102

Variations in Solid-Phase Synthesis Design.....	111
Automation.....	114
The Second Stage of Solid-Phase Peptide Synthesis.....	119
Properties of the Resin Support.....	142
Recent Developments in the Chemistry.....	154
Further Syntheses of Biologically Active Peptides.....	180
Antagonists of Glucagon.....	193
My Families.....	208
Unexpected Rewards.....	228
Awards.....	240
The Future.....	250
Acknowledgments.....	253
Abbreviations and Definitions.....	255
References.....	259
Index.....	275
