

Contents

Anionic polymerisation and block copolymers M. Morton, <i>The University of Akron, Ohio</i>	1
Cationic polymerisation J. P. Kennedy, <i>The University of Akron, Ohio</i>	49
Morphology of lamellar polymer crystals A. Keller, <i>University of Bristol</i>	105
Stereoregular polymerisation I. Pasquon, <i>Istituto di Chirnica Industriale, Politecnico di Milano</i> and L. Porri, <i>Istituto di Chirnica Organica Industriale, Universita di Pisa</i>	159
Viscosity of polymers A. Peterlin, <i>Camille Dreyfus Laboratory, Research Triangle Institute, North Carolina</i>	199
Fracture of polymers E. H. Andrews, <i>Queen Mary College, University of London</i>	227
Polymer degradation N. Grassie, <i>University of Glasgow</i>	277
Diffusion in polymers V. Stannett, H. B. Hopfenberg and J. H. Petropoulos, <i>North Carolina State University</i>	329
