

CONTENTS

| | |
|---|-----------|
| PREFACE | xv |
| I MANAGING HEALTH AND SAFETY RISKS | 1 |
| 1 MANAGEMENT LEADERSHIP AND EMPLOYEE INVOLVEMENT | 3 |
| 1.1 Introduction / 3 | |
| 1.2 Occupational Safety and Health Administration Guidelines / 3 | |
| 1.3 Policies / 4 | |
| 1.4 Goals and Objectives / 5 | |
| 1.5 Top Management Involvement / 6 | |
| 1.6 Employee Involvement / 7 | |
| 1.7 Responsibilities / 8 | |
| 1.8 Authority and Resources / 8 | |
| 1.9 Accountability / 9 | |
| 1.10 Program Evaluation / 9 | |
| 1.11 Conclusion / 11 | |
| 1.12 Bibliography / 11 | |
| Attachment 1: Sample Laboratory Health and Safety Assessment Questionnaire / 12 | |

| | |
|--|-----------|
| 2 HAZARD EVALUATION AND IDENTIFICATION | 24 |
| 2.1 Introduction / 24 | |
| 2.2 Occupational Safety and Health Administration Guidelines / 25 | |
| 2.3 Surveys / 25 | |
| 2.4 Change Analysis / 29 | |
| 2.5 Job Hazard Analysis / 30 | |
| 2.6 Inspections / 30 | |
| 2.7 Hazard Reporting / 31 | |
| 2.8 Accident/Incident Investigation / 31 | |
| 2.9 Trends Analysis of Injuries and Illnesses / 32 | |
| 2.10 Common Laboratory Hazards / 32 | |
| 2.11 Hazard Analysis Reference Material / 32 | |
| 2.12 Conclusion / 35 | |
| 2.13 Bibliography / 35 | |
| Attachment 1: OSHA Job Hazard Analysis Form / 36 | |
| Attachment 2: Sample Laboratory Inspection Checklist / 37 | |
| Attachment 3: Laboratory Incident Investigation Form / 44 | |
| 3 RESPONSIBILITIES | 47 |
| 3.1 Introduction / 47 | |
| 3.2 Responsibilities / 47 | |
| 3.3 Conclusion / 50 | |
| II LABORATORY HEALTH AND SAFETY ADMINISTRATIVE PROGRAMS | 53 |
| 4 DOCUMENTATION | 55 |
| 4.1 Introduction / 55 | |
| 4.2 Suggested Laboratory Health and Safety Guidelines / 55 | |
| 4.3 Implementation of Suggested Laboratory Health and Safety Guidelines / 57 | |
| 4.4 Bibliography / 60 | |
| 5 TRAINING | 61 |
| 5.1 Introduction / 61 | |
| 5.2 Suggested Laboratory Health and Safety Guidelines / 62 | |
| 5.3 Health and Safety Training Programs / 63 | |
| 5.4 Record Keeping / 73 | |

| | | |
|------------|---|------------|
| 5.5 | Responsibility for Training / 75 | |
| 5.6 | OSHA's Voluntary Training Guidelines / 76 | |
| 5.7 | Training Resources / 79 | |
| 5.8 | Bibliography / 80 | |
| 6 | MEDICAL SURVEILLANCE | 81 |
| 6.1 | Introduction / 81 | |
| 6.2 | Suggested Laboratory Health and Safety Guidelines / 82 | |
| 6.3 | Medical Surveillance Programs / 82 | |
| 6.4 | Biological Monitoring / 88 | |
| 6.5 | Issues for Program Implementation / 89 | |
| 6.6 | Bibliography / 92 | |
| 7 | CHEMICAL HYGIENE PROGRAM | 94 |
| 7.1 | Introduction / 94 | |
| 7.2 | Overview of OSHA's Laboratory Standard (29 CFR 1910.1450) / 95 | |
| 7.3 | Instituting a Chemical Hygiene Program / 101 | |
| 7.4 | Writing a Chemical Hygiene Plan / 105 | |
| 7.5 | Designing a Chemical Hygiene Training Program / 106 | |
| 7.6 | Conclusion / 108 | |
| 7.7 | Bibliography / 108 | |
| | Attachment 1: Outline for Model Chemical Hygiene Plan / 109 | |
| | Attachment 2: Outline for Model Chemical Hygiene Training Program / 110 | |
| III | HAZARD EVALUATION AND IDENTIFICATION | 115 |
| 8 | CHEMICAL EXPOSURE EVALUATION | 117 |
| 8.1 | Introduction / 117 | |
| 8.2 | Suggested Laboratory Health and Safety Guidelines / 118 | |
| 8.3 | Implementation of Suggested Laboratory Health and Safety Guidelines / 118 | |
| 8.4 | Bibliography and Equipment References / 126 | |
| 9 | BIOSAFETY | 133 |
| 9.1 | Introduction / 133 | |
| 9.2 | Suggested Laboratory Health and Safety Guidelines / 134 | |

- 9.3 CDC/NIH Guidelines—Scope and Application / 134
- 9.4 Research Involving Recombinant DNA / 137
- 9.5 Identification of Hazards/Classification of Organisms / 140
- 9.6 OSHA Blood-Borne Pathogen Standard—Scope and Application / 142
- 9.7 Bibliography / 147
- Attachment 1: Laboratory Biosafety Level Criteria / 148
- Attachment 2: Classification of Microorganisms on the Basis of Hazard / 169

10 RADIATION

174

- 10.1 Introduction / 174
- 10.2 Suggested Laboratory Health and Safety Guidelines / 175
- 10.3 United States Nuclear Regulatory Commission / 175
- 10.4 Transportation Regulations / 178
- 10.5 Implementation of Suggested Laboratory Health and Safety Guidelines—Development of a Radiation Protection Program / 178
- 10.6 Nonionizing Radiation / 190
- 10.7 Bibliography / 193
- Attachment 1: Suggested Equipment and Suppliers / 194
- Attachment 2: Sample Preparedness and Procedures Statement Form / 195
- Attachment 3: Laser Survey Form / 197

11 CONTROLLED SUBSTANCES MANAGEMENT

198

- 11.1 Introduction / 198
- 11.2 Schedule of Controlled Substances / 199
- 11.3 Activities Conducted with Controlled Substances / 201
- 11.4 Implementation of Requirements for Registration and Security / 202
- 11.5 Additional Requirements / 204
- 11.6 Listed Chemicals and Certain Machines / 208
- 11.7 Importers and Exporters of Controlled Substances / 209
- 11.8 Administrative Functions, Practices, and Procedures / 209
- 11.9 Further Information / 209
- 11.10 Bibliography / 209

| | | |
|-----------|--|------------|
| 12 | ERGONOMICS PROGRAM MANAGEMENT | 211 |
| 12.1 | Introduction / 211 | |
| 12.2 | Suggested Laboratory Health and Safety Guidelines / 212 | |
| 12.3 | Occupational Safety and Health Administration Recommendations / 212 | |
| 12.4 | Work Site Analysis / 213 | |
| 12.5 | Hazard Prevention and Control / 219 | |
| 12.6 | Medical Management / 224 | |
| 12.7 | Training and Education / 225 | |
| 12.8 | Bibliography / 225 | |
| 13 | WASTE MANAGEMENT | 227 |
| 13.1 | Introduction / 227 | |
| 13.2 | Suggested Laboratory Health and Safety Guidelines / 228 | |
| 13.3 | Regulatory Compliance / 228 | |
| 13.4 | Waste Management Practices/Methodologies (Waste Minimization) / 232 | |
| 13.5 | Radioactive Waste Management / 235 | |
| 13.6 | Biohazardous Waste Management / 238 | |
| 13.7 | Program Review / 241 | |
| 13.8 | Reference Guides / 242 | |
| 13.9 | Bibliography / 242 | |
| IV | ENGINEERING CONTROLS | 243 |
| 14 | GENERAL LABORATORY DESIGN | 245 |
| 14.1 | Introduction / 245 | |
| 14.2 | Suggested Laboratory Health and Safety Guidelines / 245 | |
| 14.3 | How to Design General-Use Laboratories / 246 | |
| 14.4 | General Laboratory Construction / 253 | |
| 14.5 | Bibliography / 257 | |
| 15 | BARRIER SYSTEM DESIGN | 258 |
| 15.1 | Introduction / 258 | |
| 15.2 | Overview of Barrier Design Principles / 258 | |
| 15.3 | Suggested Laboratory Health and Safety Guidelines / 260 | |
| 15.4 | Implementation of Suggested Guidelines / 261 | |

- 15.5 Fire Safety and Firefighting Considerations in Toxicological Laboratory Design / 268
- 15.6 Maintaining Structural Integrity / 270
- 15.7 Site Selection / 271
- 15.8 Bibliography / 272

16 VENTILATION 274

- 16.1 Introduction / 274
- 16.2 Suggested Laboratory Health and Safety Guidelines / 275
- 16.3 Implementation of Suggested Laboratory Health and Safety Guidelines / 276
- 16.4 Bibliography / 295
- Attachment 1: Instructions for Monitoring Laboratory Hoods and Sample Monitoring Form / 296
- Attachment 2: Performance Tests / 298

V PROTECTIVE EQUIPMENT AND WORK PRACTICE CONTROLS 311

17 SAFETY SHOWERS AND EYEWASH STATIONS 313

- 17.1 Introduction / 313
- 17.2 Suggested Laboratory Health and Safety Guidelines / 313
- 17.3 Occupational Safety and Health Administration Requirements / 314
- 17.4 American National Standard Institute Recommendations / 314
- 17.5 Suggested Manufacturers and Suppliers / 323
- 17.6 Bibliography / 324

18 PERSONAL PROTECTIVE EQUIPMENT 325

- 18.1 Introduction / 325
- 18.2 Suggested Laboratory Health and Safety Guidelines / 326
- 18.3 Implementation of Suggested Laboratory Health and Safety Guidelines / 327
- 18.4 Effect of PPE on Job Performance / 334
- 18.5 Personal Protective Equipment Manufacturers and Distributors / 336
- 18.6 Bibliography / 336
- Attachment 1: Protective Clothing Vendors / 338

| | | |
|-----------|--|------------|
| 19 | RESPIRATORY PROTECTIVE EQUIPMENT | 348 |
| 19.1 | Introduction / 348 | |
| 19.2 | Suggested Laboratory Health and Safety Guidelines / 349 | |
| 19.3 | Implementation of Suggested Laboratory Health and Safety Guidelines / 350 | |
| 19.4 | Record Keeping and Documentation / 357 | |
| 19.5 | Bibliography / 358 | |
| | Attachment 1: Isoamyl Acetate (Banana Oil) Qualitative Fit Test Protocol / 358 | |
| | Attachment 2: Saccharin Solution Aerosol Qualitative Fit Test Protocol / 361 | |
| | Attachment 3: Irritant Smoke Qualitative Fit Test Protocol / 364 | |
| | Attachment 4: Respirator Quantitative Fit Test Procedures / 365 | |
| 20 | CHEMICAL HANDLING | 371 |
| 20.1 | Introduction / 371 | |
| 20.2 | Suggested Laboratory Health and Safety Guidelines / 371 | |
| 20.3 | Overview of Chemical Handling Principles / 372 | |
| 20.4 | Procurement, Receipt, and Distribution of Hazardous Chemicals / 373 | |
| 20.5 | Chemical Storage / 373 | |
| 20.6 | Handling and Transport of Hazardous Chemicals / 375 | |
| 20.7 | Conclusion / 379 | |
| 20.8 | Bibliography / 379 | |
| 21 | FIRE AND EXPLOSION PROTECTION | 380 |
| 21.1 | Introduction / 380 | |
| 21.2 | Suggested Laboratory Health and Safety Guidelines / 380 | |
| 21.3 | Implementation of Suggested Laboratory Health and Safety Guidelines / 382 | |
| 21.4 | Additional Guidance Information / 386 | |
| 21.5 | Bibliography / 390 | |
| | Attachment 1: Manufacturers of Fire Protection Equipment / 390 | |
| VI | EMERGENCY RESPONSE | 397 |
| 22 | EMERGENCY RESPONSE | 399 |
| 22.1 | Introduction / 399 | |
| 22.2 | Suggested Laboratory Health and Safety Guidelines / 399 | |

| | | |
|------|------------------------------|-----|
| 22.3 | Incidental Spill Cleanup / | 400 |
| 22.4 | Means of Egress / | 402 |
| 22.5 | Alarm Systems / | 405 |
| 22.6 | Emergency Power / | 405 |
| 22.7 | Emergency Medical Response / | 407 |
| 22.8 | Bibliography / | 410 |

APPENDIXES

| | | |
|----------|--|------------|
| 1 | REGULATIONS OF PRIMARY CONCERN TO LABORATORIES | 411 |
| 2 | GLOSSARY | 415 |
| 3 | ADDITIONAL BIBLIOGRAPHY | 430 |
| 4 | SUGGESTED LABORATORY HEALTH AND SAFETY GUIDELINES | 433 |
| | INDEX | 447 |
