

CONTENTS

1. Introduction	1
2. The Effect of Atomic Groupings and Substituents on Reagents	7
3. Preparation and Properties of N-Benzoylphenylhydroxylamine and its Analogues	30
4. Gravimetric Determination of the Elements with N-Benzoylphenylhydroxylamine and its Analogues	54
5. Spectrophotometric Determination of the Elements with N-Benzoylphenylhydroxylamine and its Analogues	107
6. Separation of Elements by Solvent Extraction with N-Benzoylphenylhydroxylamine	158
7. Titrimetric and Paper Chromatographic Applications of N-Benzoylphenylhydroxylamine	193
