Preface vii

About the Authors ix

Acknowledgments. xi

Infrared and Raman Spectra of Inorganic Compounds and Organic Salts

Introduction. 1

Experimental 2

 Theoretical Considerations In Spectra-Structure Identification
 of Inorganic Compounds 3

 Arrangement of Spectra 13

Vibrational Assignments and Spectra-Structure Correlations 16

 A. Ionic Inorganic Compounds 16

 B. Nonionic Inorganic Compounds and Hydrazine Salts 54

 C. Miscellaneous Minerals 69

 D. Carboxylic Acid Salts, Phenates, and Benzenesulfonates 70

 E. Window Materials 75

Indices

Numerical Index of Spectra 77

Alphabetical Index of Spectra 90
