

CONTENTS

Alphabetical list of substances, with spectra	8
UV transmittances	110
IR transmittances	111
Index	112
IR matrix substances	114
Deuterated compounds for preparative work	114
^{12}C substances for preparative work	114
Standards for calibrating NMR spectra	114
Shift reagents	115
Auxiliaries for NMR spectroscopy	115
