

CONTENTS

Preface	9
Introduction	11
PART I. INSECTICIDES	
Technical products	
DDT	15
HCH	22
Lindane	25
Methoxychlor	29
Dieldrin	34
Pyrethrum	39
Diazinon	45
Malathion	49
Trichlorfon	54
Fenthion	59
Dichlorvos	64
Fenitrothion	71
Propoxur	76
Abate	79
Water-dispersible powders	
DDT	83
DDT for overseas shipment	89
HCH	97
Dieldrin	103
Diazinon	113
Malathion	120
Fenitrothion	127
Propoxur	134
Emulsion concentrates	
DDT	140
HCH	146
Dieldrin	150
Methoxychlor	157
Diazinon	163
Malathion	168
Trichlorfon	173
Fenthion	178

Abate	184
Dusting-powders	
DDT	189
HCH	193
Malathion	196
Larvicidal oils	
Larvicidal oils without insecticide	201
Larvicidal oils with added insecticide	205
PART II. RODENTICIDES	
Technical products	
Coumachlor	213
Warfarin	216
Zinc phosphide	218
Pindone	221
Concentrates	
Coumachlor	225
Warfarin	229
Pindone	232
PART III. MOLLUSCICIDES	
Technical products	
Copper sulfate	239
Pentachlorophenol	242
Nitrosalicylanilide ethanolamine salt	244
4-Tritylmorpholine	248
Water-disperdible powders	
Niclosamide, ethanolamine salt	254
Emulsion concentrates	
Niclosamide, ethanolamine salt	261
PART IV. REPELLENTS	
Technical products	
Deet	269
PART V. METHODS	
Sampling procedures	275
Visual suspensibility test for 75% DDT water-dispersible powders	277
Determination of acidity and alkalinity	278
Sieving test after accelerated storage treatment	281
Determination of melting point and mixed melting point	283
Karl Fischer eletrometric titration method for determination of water content	286
Dean & Stark distillation method for determination of water content	290
Determination of material insoluble in dichlorodifluoro methane	292

TAG Closed Tester method for determination of flashpoint	299
Cleveland Open Tester method for Determination of flashpoint	299
Determination of flashpoint	299
Determination of crystallizing-point	301
Emulsion stability test	304
Toxicity test for rodenticides	305
Parr peroxide-bomb (total chlorine) method	306
Revised Steopanow (total organic chlorine) method	308
Hydrolysable chlorine method for determination of HCH content	311
Toxicity test for larvicidal oils	314
Separation and determination of gama-isomer content of HCH	316
Preparation of potassium salt of O,O-dimethyl phosphorodithioic acid	328
Annex 1. Common names, trade names and chemical names of pesticides	329
Annex 2. Composition of the fifteenth WHO Expert Committee on Insecticides	332
