## **Electrochemistry of Aromatic Hydrocarbons and Related Substances**

MICHAEL E. PEOVER

	Introduction	
II	Electrochemical Reduction of Aromatic Hydrocarbons and Related Compounds	
	Oxidation of Aromatic Hydrocarbons and Related Compounds	
	Relations between Electrochemical Parameters and Other Physical Properties of Aromatic Compounds	40
	References	48

## **Stripping Voltammetry** 53

EMERRECHT BARENDRECHT

	Introduction	53
II	Theory of Stripping Voltammetry	54
III	Experimental	83
IV	Applications	
	Nomenclature	104
	References	105

## **The Anodic Film on Platinum Electrodes**

S. GILMAN

	Introduction	
II	Some Experimental Considerations	

III. Hydrogen Adsorption on Platinum Electrodes	118
IV. Oxygen Film on Platinum	132
V. Role of Oxygen Film in Adsorption and Oxidation of Organic Substances	161
References	189

**Oscillographic Polarography at Controlled Alternating Current** 193

MICHAEL HEYROVSKÝ AND KAREL MICKA

I. Introduction	193
II. Principle of the Method	194
III. Theory of Polarization with Alternating Current	199
IV. Applications in Electrode Kinetics	222
V. Apparatus and Electrodes	235
VI. Applications in Analysis	242
References	253
