

CONTENTS

|  |     |
|--|-----|
| 1. General Properties of the Condensed Phosphates                      | 1   |
| 2. Gravimetric Methods   | 37  |
| 3. Titrimetric Methods   | 51  |
| 4. Electrometric Methods (other than Potentiometry)                    | 66  |
| 5. Chromatographic Methods   | 73  |
| 6. Automated Methods   | 108 |
| 7. Physical Methods other than Chromatography                          | 123 |
| 8. Methods for the Determination of Esters of the Condensed Phosphates | 156 |
| 9. Modus Operandi  | 174 |
| 10. Preparation of Pure Samples  | 184 |
| Index  | 197 |
