

## CONTENTS

I.	<b>INTRODUCTION</b>	<b>1</b>
	Historical Highlights	1
	Question of Natural Occurrence	3
	Structure and Properties of Perchlorate Ion	4
	References	7
II.	<b>PREPARATION AND PROPERTIES OF PERCHLORIC ACID</b>	<b>9</b>
	Aqueous Perchloric Acid	9
	Hydrates of Perchloric Acid	22
	Anhydrous Perchloric Acid	24
	Perchloric Anhydride	26
	References	28
III.	<b>PROPERTIES AND PREPARATION OF PERCHLORATES</b>	<b>31</b>
	Representative (Sub Group A) Metal Perchlorates	31
	Transition Metal Perchlorates	43
	Miscellaneous Perchlorates	51
	References	56
IV.	<b>APPLICATIONS OF PERCHLORIC ACID AND PERCHLORATES IN CHEMICAL ANALYSIS</b>	<b>64</b>
	Dissolution and Oxidation of Inorganic Samples	64
	Wet Oxidation of Organic Matter	69
	Titrimetric Reagents	81
	Precipitation and Extration Reagents	83
	Deproteinization Agent	84
	Drying Agents	85
	Miscellaneous	87
	References	90
V.	<b>APPLICATIONS IN ORGANIC SYNTHESIS, INDUSTRY, AND COMMERCE</b>	<b>96</b>
	Catalysts	96
	Reactants in Organic Synthesis	99
	Solvents	100
	Explosives, Propellants, and Pyrotechnics	100
	Electrolytes	102

Animal Feed Additives	106
Miscellaneous	107
References	108
<b>VI. CHEMICAL ANALYSIS OF PERCHLORATES</b>	<b>114</b>
Detection Methods	114
Separation Methods	115
Reduction of Perchlorates	118
Determination of Perchlorates	120
Analysis of Perchlorate Compounds and Mixtures	132
References	134
<b>VII. BIOLOGICAL EFFECTS OF PERCHLORATES</b>	<b>140</b>
Animal Studies	140
Bacterial and Micro-organism Studies	146
Plant Studies	147
References	150
<b>VIII. SAFETY AND ENVIRONMENTAL CONCERNS</b>	<b>153</b>
Some Reported Perchlorate Explosions	153
Precautions in Use and Handling of Perchloric Acid	155
Precautions in Handling Perchlorates	157
Perchloric Acid Fume Hoods and Eradicators	158
Environmental Pollution	160
References	162
<b>APPENDIX</b>	<b>164</b>
Physical and Equilibrium Data for Binary, Ternary, and Quarternary Systems of Perchlorates	164
References	175
<b>INDEX</b>	<b>181</b>
