

CONTENTS

Main-sequence Experiments	Part 1
Experiment 1 The Analysis of "Panacetin," Part I	19
Experiment 2 The Analysis of "Panacetin," Part II	25
Experiment 3 The Synthesis of Salicylic Acid from "Wintergreen Oil"	31
Experiment 4 The Synthesis of Aspirin	38
Experiment 5 The Preparation of Synthetic "Banana Oil"	45
Experiment 6 Breaking the Chemical Code	54
Experiment 7 Identification of a High-octane Hydrocarbon	66
Experiment 8 The Dehydration of a High-octane Hydrocarbon	74
Experiment 9 Separation of Petroleum Hydrocarbons by Fractional Distillation	82
Experiment 10 Stereochemistry of the Addition of Bromine to Cinnamic Acid	89
Experiment 11 Hydration of a Difunctional Alkyne	97
Experiment 12 The Synthesis of 7,7-Dichlorobicyclo[4.1.0]heptane	105
Experiment 13 The Preparation of Tropylium Iodide from Cycloheptatriene	114
Experiment 14 Preparation of Triphenylmethyl Bromide and the Trityl Free Radical	123
Experiment 15 The Isolation and Isomerization of Lycopene from Tomatoes	132
Experiment 16 The Effect of Catalyst Concentration on the Synthesis of Alkyl Bromides	140
Experiment 17 The Grignard Synthesis of Triphenylmethanol and Preparation of a Carbonium Ion	148
Experiment 18 The Preparation of Synthetic Camphor From Camphene	158
Experiment 19 The Effect of concentration on the Equilibrium Esterification of Acetic Acid	167
Experiment 20 Identification of an Industrial Solvent	176
Experiment 21 Preparation of the Insect Repellent N,N-Diethyl-meta-toluamide	182
Experiment 22 Isolation and Identification of an Essential Oil from Cloves	191
Experiment 23 Structure Determination of an Unknown Monosaccharide	199
Experiment 24 Structure Determination of an Unknown Dipeptide	208
Part II Alternate and Supplementary Experiments	
Experiment 25 The Isolation of Carvone from Spearmint and Caraway Oils	220
Experiment 26 Identification of an Unknown Diene by Preparing its Diels-Alder Adduct with Maleic Anhydride	227
Experiment 27 The Synthesis of 4-Methoxyacetophenone by Friedel-Crafts Acylation of Anisole	233
Experiment 28 Steric Effects on Orientation in the Nitration of Arenes	241
Experiment 29 Structure Determination of a Natural Product by Side-chain Oxidation and Infrared Analysis	248
Experiment 30 Solvent Effects in the Hydrolysis of 1-Bromoadamantane	255
Experiment 31 The Oxidation of Menthol to Menthone	263
Experiment 32 Phase-transfer Catalysis in the Williamson Synthesis of Phenetole	270

Experiment 33 The Borohydride Reduction of Vanillin to Vanillyl Alcohol	276
Experiment 34 The Multistep Synthesis of Benzilic Acid from Benzaldehyde	285
Experiment 35 Isolation and Identification of a by-product in the Condensation of Furfural with Cyclopentanone	294
Experiment 36 The Preparation of Azo Dyes	301
Experiment 37 Synthesis and Antibacterial Activity of Drugs Related to Sulfapyridine	310
Experiment 38 Rate and Nucleophilicity in Substitution Reactions of 2,4-Dinitrochlorobenzene	321
Experiment 39 The Enamine Synthesis of 2-Propionylcyclohexanone	330
Experiment 40 The Synthesis of Dimedone and Determination of Its Tautomeric Equilibrium Constant	338
Experiment 41 The Oxidation of Anthracene to Anthraquinone	345
Experiment 42 Preparation of 2-Phenylindole by the Fischer Indole Synthesis	352
Experiment 43 Chain-Growth Polymerization of Styrene and Methyl Methacrylate	360
Experiment 44 Analysis of Fatty Acid Content in a Commercial Cooking Oil	369
Systematic Organic Qualitative Analysis	Part III
Background The Chemist as Detective	378
Methodology	381
Procedures	394
Advanced Projects	Part IV
Project 1 Isolation and Testing of a Natural Growth Inhibitor	428
Project 2 Isolation and Analysis of an Essential Oil	429
Project 3 Isolation and Identification of Pigments from Wild Plants	430
Project 4 The Effect of Molecular Modification on Odor	431
Project 5 Stereochemistry of a Hydride Reduction of 4- <i>t</i> -Butylcyclohexanone	433
Project 6 Comparison of the Migratory Aptitudes of Aryl Groups	434
Project 7 Investigation of the Relative Stability of Endocyclic and Exocyclic Double Bonds	435
Project 8 Synthesis and Structure Proof of an Insect Pheromone	436
Project 9 Preparation of a New Organic Compound	437
Part V The Operations	
Elementary Operations	440
Operations for Conducting Chemical Reactions	454
Separation Operations	469
Washing and Drying Operations	507
Purification Operations	517
Measurement of Physical Constants	558
Instrumental Analysis	577
Appendixes and Bibliography	609
NMR Spectrum-Structure Correlation Chart	659
