

CONTENTS

Introduction.	1
Definition of the Symbols and Parameters Used, with the Methods of Calculating the Parameters	3
Cox Chart Families.	8
Atomic Refractive Indices Used for Computing Molecular Refractive Index.	8
Atomic and Structural Constants for Calculation of Parachor .	9
Tables of Physical Properties	
Alkanes	11
Haloalkanes	191
Alkenes	217
Haloalkenes	406
Diolefins	413
Alkynes	445
Index	487
