

CONTENTS

Chapter I. Organosilicon Derivatives of Phosphorus	
1. Compounds containing the Grouping Si-O-P	1
2. Compounds Containing the Grouping Si-O-S-P and Si-S-P	69
3. Compounds Containing the Grouping Si-N-P	70
4. Compounds Containing the Bond Si-P	79
5. Compounds Containing the Grouping Si- $\odot$ n-P	93
6. Compounds Containing the Groupings Si- $\odot$ n-O-P, Si- $\odot$ n-S-P, Si- $\odot$ n-N-P, and Si-O- $\odot$ n-P	119
7. Complex Compounds Containing Si and P Atoms	128
Chapter II Organosilicon Derivatives of Sulfur	
1. Compounds Containing the Grouping Si-S-H (Silanethiols)	157
2. Compounds Containing the Grouping Si-S-C (Organothiosilanes)	167
3. Compounds Containing the Grouping Si-S-Si (Silthianes)	190
4. Compounds Containing the Grouping Si-O-S	208
5. Compounds Containing the Grouping Si-N-S	230
6. Compounds Containing the Grouping Si-NCS (Isocyanatosilanes)	233
7. Compounds With the Grouping Si- $\odot$ n-S	244
8. Compounds Containing the Groupings Si- $\odot$ n-O-S and Si-O- $\odot$ n-S	296
9. Organosilicon Compounds of Sulfur Containing Inorganic Elements and Phosphorus	300
Index	335
