

CONTENTS

Chapter 1. Primary Products of Olefinic Autoxidations	1
Chapter 2. Physico-Chemical Aspects of Autoxidation	55
Chapter 3. Autoxidation of Hydrocarbons Accelerated by Metals, Light, and Other Agencies	107
Chapter 4. Mechanism of Antioxidation	133
Chapter 5. Autoxidation of Various Organic Substances	171
Chapter 6. The Autoxidation of Cholesterol	233
Chapter 7. Photochemical Autoxidation	249
Chapter 8. Autoxidation Induced by Ionizing Radiation	299
Chapter 9. Biocatalysts: Lipoxidase and Hematin Compounds	325
Chapter 10. Analysis of Autoxidation Mixtures	367
Author Index	417
Subject Index	439
