

CONTENTS

1. Introduction	1
2. Hydrogenation and Dehydrogenation of Hydrocarbons	8
3. Oxygenation of Hydrocarbons	37
4. Reductive Cleavage in Oxygen-Containing Functional Groups	59
5. Oxidation of Alcohols and Phenols	68
6. Reduction of Carbonyl Compounds	94
7. Interconversion of Aldehydes and Ketones With Acid Derivatives	109
8. Oxidation and Reduction at Nitrogen Sulfur and Phosphorus	121
Index	145
