

Table of contents	Page
Preface	vi
1. Introduction	1
2. Experimental conditions	2
2.1 Materials	
2.2 Measurement of Spectra	
2.2.1 Ultraviolet Spectroscopy	
2.2.2 Emission Spectroscopy	
2.2.3 Mass Spectrometry	
2.2.4 Nuclear Magnetic Resonance Spectroscopy	
2.2.5 Infrared Spectroscopy	
3. Information for users	
3.1 Physicochemical Properties	
3.2 Occurrence and Biological Activity	
4. Acknowledgements	9
5. Tables and Spectra	10
6. References	796
7. Index	813
