

## CONTENTS

1. Nature, Occurrence and Classification of Polysaccharides	1
2. Isolation and Determination of Structure	13
3. Cellulose	43
4. Starch and Glycogen	54
5. Other Glucans and Fructans	69
6. Mannans, Galactomannans and Glucomannans	85
7. galactans	94
8. Arabinans and Xylans	103
9. Glycuronans	116
10. Complex Acidic Polysaccharides	130
11. Sulphated Polysaccharides	145
12. Aminopolysaccharides	158
13. Biosynthesis of Polysaccharides	182
14. Other Carbohydrate-containing Macromolecules	194
INDEX	223
