

CONTENTS

CHAPTER 1

Introduction	1
I. Preamble	1
II. Water-Soluble Polymers	1
III. Water-Soluble Synthetic Polymers	2

CHAPTER 2

Nonionic Polymers – Polyoxides, Polyethers, and Poly(Ethylene Imine)	19
I. Introduction	19
II. Poly(Ethylene Oxide) – PEO	19
III. Poly(Propylene Oxide) – PPO	45
IV. Other Polyoxides	56
V. Oxide Copolymers	58
VI. Poly(Vinyl Methyl Ether) – PVME	58
VII. Higher Polyethers	61
VIII. Poly(Ethylene Imine) – PEI	62

CHAPTER 3

Nonionic Polymers – The Acrylic Group	75
I. Introduction	75
II. Poly(Acrylic Acid) – PAA	75
III. Polyacrylamide – PAAM	84
IV. Poly(Methacrylic Acid) – PMAA	92
V. Polymethacrylamide – PMAAM	103
VI. Other Acrylic Homopolymers	104
VII. Acrylic Copolymers	108

CHAPTER 4

Nonionic Polymers – The Vinyl Group	119
I. Introduction	119
II. Poly(Vinyl Alcohol) – (PVAL), Poly(Vinyl Acetate) – (PVAC), Their Copolymers (PVAA) and Relation Polymers	119
III. Polyvinylpyrrolidone (PVP)	146
IV. Polyvinylloxazolidone (PVO) and Polyvinylmethyloxazolidone (PVMO)	178
