

CONTENTS

|   |     |
|---|-----|
| Chapter 1. Introduction                       | 1   |
| Chapter 2 Chromatographic Separation          | 6   |
| Chapter 3 Gas-Liquid Chromatography           | 37  |
| Chapter 4 Zone Refining                       | 59  |
| Chapter 5 Electronic Absorption Spectroscopy  | 73  |
| Chapter 6 Infra-Red Spectroscopy              | 138 |
| Chapter 7 Electron to Chapter 6               | 222 |
| Chapter 8 Nuclear Spin Resonance Spectroscopy | 255 |
| Chapter 9 Mass Spectrometry                   | 309 |
| Chapter 10 X-Ray Crystallography              | 352 |
| References                                    | 377 |
| Selected bibliography to Chapter 10           | 377 |
| Subject Index                                 | 379 |
