

## CONTENTS

1. Organic Chemistry	1
2. Chemical Bonds and Intermolecular Forces	6
3. Chemical Reactivity	35
4. Isolation And Analysis of Organic Compounds	50
5. Alkanes	61
6. Alkenes. Cyclic Hydrocarbons. Natural Gas and Petroleum	85
7. Alkyl Halides. Organometallic Compounds	114
8. Alcohols. Esters of Inorganic Acids. Infrared Spectra	133
9. Ethers	158
10. Synthesis of Alkanes and Alkenes. Alkynes (Acetylenes)	164
11. Carboxylic Acids and Their Derivatives. Ortho Esters. Peroxy Acids and Their Derivatives	173
12. Waxes, Fats, And Oils	205
13. Aldehydes And Ketones	219
14. Aliphatic Nitrogen Compounds	252
15. Aliphatic Compounds of Some Third And Higher Period Elements	297
16. Derivatives of Carbonic Acid And of Thiocarbonic Acid	331
17. Optical Isomerism	352
18. Carbohydrates	381
19. Amino Acids, Proteins, and Peptides	438
20. Aromatic Hydrocarbons. Sources of Aromatic Compounds. Infrared Spectra	460
21. Halogen Derivatives of Aromatic Hydrocarbons	492
22. Aromatic Sulfonic Acids and Their Derivatives	504
23. Aromatic Nitro Compounds	514
24. Aromatic Amines and Phosphines	523
25. Aromatic Diazo Compounds	540
26. Phenols, Aminophenols, And Quinones	550
27. Aromatic Alcohols, Arylamines, Aldehydes, and Ketones Stereochemistry of the Oximes	571
28. Aromatic Carboxylic Acids and Their Derivatives	594
29. Arylalkanes. Free Radicals, Arylalkenes and Arylalkynes Biphenyl and Its Derivatives	614
30. Condensed Nuclear Aromatic Compounds	630
31. Heterocyclic Compounds. Nucleic Acids. Alkaloids	652
32. Mass Spectrometry. Nuclear Magnetic and Electron Paramagnetic Resonance. Electronic Absorption Spectra	717
33. Color. Dyes and Dyeing. Organic Pigments	737
34. Polyenes. Rubber and Synthetic Rubbers	776

35. Chlorinated and Fluorinated Aliphatic Hydrocarbons	793
36. Unsaturated Alcohols, Epoxides, Polyhydric Alcohols, Amino Alcohols, and Polyamines	808
37. Hydroxy, Unsaturated, Halogenated, and Amino Carbonyl Compounds. Dicarbonyl Compounds	834
38. Halogenated, Hydroxy, Amino, and Unsaturated Acids	853
39. Polycarboxylic Acids	870
40. Keto Acids	893
41. Nonbenzenoid Cyclic Compounds	911
42. Terpenes and Steroids. Biogenesis	953
Appendix	983
Index	1039
