## Ref. 547 NOL 3<sup>rd</sup> ed.

## CONTENTS

| 1. Organic Chemistry   | 1   |
|--|-----|
| 2. Chemical Bonds and Intermolecular Forces  | 6   |
| 3. Chemical Reactivity   | 35  |
| 4. Isolation And Analysis of Organic Compounds   | 50  |
| 5. Alkanes   | 61  |
| 6. Alkenes. Cyclic Hydrocarbons. Natural Gas and Petoleum                                    | 85  |
| 7. Alkyl Halides. Organometallic Compouds  | 114 |
| 8. Alcohols. Esters of Inorganic Acids. Infrared Spectra                                     | 133 |
| 9. Ethers  | 158 |
| 10. Synthesis of Alkanes and Alkenes. Alkynes (Acetylenes)                                   | 164 |
| 11. Carboxylic Acids and Their Derivatives. Ortho Esters. Peroxy Acids and Their Derivatives | 173 |
| 12. Waxes, Fats, And Oils  | 205 |
| 13. Aldehydes And Ketones  | 219 |
| 14. Aliphatic Nitrogen Compounds   | 252 |
| 15. Aliphatic Compounds of Some Third And Higher Period Elements                             | 297 |
| 16. Derivatives of Carbonic Acid And of Thiocarbonic Acid                                    | 331 |
| 17. Optical Isomerism  | 352 |
| 18. Carbohydrates  | 381 |
| 19. Amino Acids, Proteins, and Peptides  | 438 |
| 20. Aromatic Hydrocarbons. Sources of Aromatic Compounds. Infrared Spectra                   | 460 |
| 21. Halogen Derivatives of Aromatic Hydrocarbons   | 492 |
| 22. Aromatic Sulfonic Acids and Their Derivatives  | 504 |
| 23. Aromatic Nitro Compounds   | 514 |
| 24. Aromatic Amines and Phoasphines  | 523 |
| 25. Aromatic Diazo Compounds   | 540 |
| 26. Phenols, Aminophenols, And Quinones  | 550 |
| 27. Aromatic Alcohols, Aralkylamines, Aldehydes, and Ketones Stereochemistry of the Oximes   | 571 |
| 28. Aromatic Carboxylic Acids and Their Derivatives  | 594 |
| 29. Arylalkanes. Free Radicals, Arylalkenes and Arylalkynes Biphenyl and Its Derivatives     | 614 |
| 30. Condensed Nuclear Aromatic Compounds   | 630 |
| 31. Heterocyclic Compounds. Nucleic Acids. Alkkaloids  | 652 |
| 32. Mass Skpectrometry. Nuclear Magnetic and Electron Paramagnetic Resonance.                |     |
| Electronic Absorption Spectra  | 717 |
| 33. Color. Dyes and Dyeing. Organic Pigments   | 737 |
| 34. Polyenes. Rubber and Synthetic Rubbers   | 776 |

| 35. Chlorinatied and Fluorinated Aliphatic Hydrocarbons                                   | 793  |
|---|------|
| 36. Unsaturated Alcohols, Epoxides, Polyhydric Alcohols, Amino Alcohols, and Polyamines   | 808  |
| 37. Hydroxy, Unsaturated, Halogenated, and Amino Carbonyl Compounds. Dicarbonyl Compounds | 834  |
| 38. Halogenated, Hydroxy, Amino, and Unsaturated Acids                                    | 853  |
| 39. Polycarboxylic Acids  | 870  |
| 40. Keto Acids  | 893  |
| 41. Nonbenzenoid Cyclic Compounds   | 911  |
| 42. Terpenes and Steroids. Biogenesis   | 953  |
| Appendix  | 983  |
| Index   | 1039 |
