

## CONTENTS

Chapter XVI Compounds Containing a Six-Membered Ring with Two Hetero Atoms; Oxazines, Thiazines; Dioxans and Their Analogues	1465
Chapter XVII Dyes Derived from Phenazine. Phenoxazine and Phenothiazine, and Sulphur Dyes	1535
Chapter XVIII Compounds Containing a Six-Membered Ring with More Than Two Hetero Atoms	1559
Chapter XIX Compounds Having a Seven-Membered or Larger Ring Containing Hetero Atoms	1581
Chapter XX Purines and Related Ring Systems	1635
Chapter XXI Nucleosides, Nucleotides and Nucleic Acids	1707
Chapter XXII. Pteridines; Alloxazines, Flavins, Vitamin B2 and Related Compounds; Vitamin B1 and Related Compounds	1760
Chapter XXIII Alkaloids: General Introduction; Pyrrolidine, Pyridine and Piperidine, Pyrrolizidine and Tropane Groups	1799
Chapter XXIV Alkaloids of the Quinoline and isoQuinoline Groups	1874
Chapter XXV Alkaloids of the Lupinane, Iminazole and Quinazoline Groups	1988
Chapter XXVI Alkaloids of the Diterpene and Steroid Groups	2019
Chapter XXVII Alkaloids of the Morphine Group	2058
Chapter XXVIII The Indole Alkaloids	2088
Chapter XXIX Erythrina Alkaloids	2120
Index	2131
