

CONTENTS

1. Paraffins or Alkanes	1
2. Olefins or Alkenes	18
3. Acetylenes or Alkynes	32
4. Petroleum	38
5. Halogen and Sulphate Derivatives of the Alkanes	44
6. Aliphatic Aldcohols	59
7. Aliphatic Ethers	78
8. Aliphatic Aldehydes	84
9. Aliphatic Ketones	104
10. Aliphatic Carboxylic Acids	112
11. Derivatives of the Aliphatic Carboxylic Acids	127
12. Esters	137
13. Aliphatic Nitrites and Isonitriles	145
14. Aliphatic Amines	148
15. Dibasic Acids and their Derivatives	158
16. Carbohydrates	171
17. Synthesis of Aliphatic Compounds	183
18. Aromatic Hydrocarbons	191
19. Aromatic Nitroderivatives	208
20. Aromatic Halogen Compounds	214
21. Phenols and Aromatic Alcohols	222
22. Aromatic Aldehydes and Ketones	233
23. Aromatic Carboxylic Acids	239
24. Aromatic Amines	243
25. Diazonium Salts	253
26. The Structure and Reactivity of Organic Compounds	260
27. Methods of Separation and Purification	283
28. Determination of Molecular Formulae	291
29. Determination of Constitutional Formulae	301
30. Isomerism	306
