

CONTENTS

1. Introduction	1
2. Common Structures	26
3. The CsCl Type and Related Structures	39
4. The NaCl Type and Related Structures	59
5. ZnS Type and Related Structures	82
6. NiAs Type and Related Structures	120
7. Perovskite Type and Related Structures	162
8. Spinel and Related Structures	211
9. Corundum and Related Structures	235
10. Beta Tungsten Type and Related Structures	240
11. Graphite Type and Related Structures	252
12. Summary of the Structure of Phases	258
Appendix	270
Index	275
