

CONTENTS

1 Introduction_Regulatory Considerations	1
2 Experimental Approaches for Plant Metabolism Studies	5
3 Primary Metabolism of Agrochemicals in Plants	43
4 Secondary Metabolism of Agrochemicals in Plants	107
5 Bound Residues Arising from the Use of Agrochemicals on Plants	155
6 The Comparative Metabolism of Agrochemicals in Plants and Mammals	179
7 Herbicide Metabolism as a Basis for Selectivity	211
8 herbicide Safeners and Synergists	259
Index	295
