Prosthetic Groups and Cofactors

(Part B)

11. Coenzyme A	3
12. The Pyridine Coenzymes	105
13. Charge-Transfer Complexing of Pyridinium Rings	171
14. Lipoic Acid	195
15. Metal and Enzyme Interactions: Correlation of Composition, Function, and Structure	225
16. Heme Compounds in Enzyme Catalysis	277
17. Vitamin K	329
18. Vitamin E	353
19. Enzymic Aspects of the Visual Processes	369
20. L-Ascorbic Acid	387
21. Enzymic Equilibria and Thermodynamics	407
Author Index	443
Subject Index	466
