

CONTENT

Chapter 1 Dissipation and Transformations in Water and Sediment	1
Chapter 2 Nature, Transport, and Fate of Airborne Residues	89
Chapter 3 Absorption and Transport in Plants	119
Chapter 4 Biotransformations of Herbicides in Higher Plants	141
Chapter 5 Bioaccumulation and Food Chain Accumulation	187
Chapter 6 Photochemical Transformations	199
Chapter 7 Bound Residues	265
Chapter 8 Predictability and Environmental Chemistry	281
Index	299
