

CONTENTS

Chapter 1 Anatomy of Representative Organisms	20
Chapter 2 Cells and Tissues	89
Chapter 3 Producers: Capture of Light Energy	155
Chapter 4 Consumers Among Organisms	200
Chapter 5 Distribution of Materials	231
Chapter 6 Use of Materials	262
Chapter 7 Behavior and Coordination	296
Chapter 8 Continuity of the Organism	341
Chapter 9 Growth and Differentiation	439
Chapter 10 Evolution	493
Chapter 11 Web of Life: Ecological Patterns	520
Chapter 12 Maintaining Animals Useful in the Classroom	578
Chapter 13 Growing Plants Useful in the Classroom	622
Chapter 14 Stockroom and Facilities for Biology	658
Appendix	710
Index	753
