

CONTENTS

Part One. Technical Drawing	
Vertical Lettering	1-3
Inclined Lettering	4-6
Mechanical Drawing	7-9
Geometric Constructions	10-12
Multiview and Isometric Sketching	13, 14
Multiview Projection	15-22
Sectional Views	28-32
Revolutions	33
Isometric Drawing	34-37
Oblique Drawing	38, 39
Dimensioning	40-43
Threads and Fasteners	44-47
Part Two. Descriptive Geometry	
Points and Lines	48, 49
True Length of Line	50-53
Planes	54-56, 59 60
Lines and planes	57, 58, 61
Parallelism	62, 63
Perpendicularity	64, 65
Skew Lines	66, 67
Intersections	68-72
Developments	73-75
Tangencies	76, 77
Topography	78
Mining and Geology	79, 80
Civil Engineering	81
Spherical Geometry	82, 83
Vector Analysis	84-86
Part Three. Graphs and Graphical Computation	
Charts	87
Graphs	88
Alignment Charts	89, 90
Empirical Equations	91, 92
Layout Sheets	
Vellums	
Mechanical Drawing	7

Multiview Projection	19,22
Sectional Views	26, 27
Auxiliary Views	31
Isometric Drawing	37
Dimensioning	42,43
Threads and Fasteners	46
Intersections	71
Developments	75
Civil Engineering	81
