## ***PART I Isolation, Production, and Concentration of Functional Lipids***

### **Chapter 1**

Functional Lipids within the Global Functional Food and Nutraceutical Sector ..... 3  
*Kelley C. Fitzpatrick, N.A. Michael Eskin*

### **Chapter 2**

Microbial Production of  $\gamma$ -Linolenic Acid .....19  
*Colin Ratledge*

### **Chapter 3**

$\gamma$ -Linolenic Acid: Purification and Functionality.....47  
*Udaya N. Wanasundara, Janitha P.D. Wanasundara*

### **Chapter 4**

Purification of Free Fatty Acids via Urea Inclusion Compounds .....77  
*Douglas G. Hayes*

### **Chapter 5**

Solvent Extraction to Obtain Edible Oil Products.....89  
*Phillip J. Wakelyn, Peter J. Wan*

## ***PART II Lipids for Food Functionality***

### **Chapter 6**

Physical Properties of Fats and Oils .....135  
*Amanda J. Wright, Alejandro G. Marangoni*

### **Chapter 7**

Beyond Hard Spheres: The Functional Role of Lipids in Food Emulsions..... 163  
*John N. Coupland*

<b>Chapter 8</b>	
Medium-Chain Triglycerides.....	177
<i>Jenifer Heydinger Galante, Richard R. Tenore</i>	

<b>Chapter 9</b>	
Frying Lipids.....	185
<i>Sérgio D. Segall, William E. Artz</i>	

<b>Chapter 10</b>	
<i>Trans</i> Fatty Acids and Trans-Free Lipids.....	203
<i>Oi-Ming Lai, Seong-Koon Lo</i>	

<b>Chapter 11</b>	
Clinical Benefits of a Structured Lipid (Betapol) <sup>TM</sup> in Infant Formula.....	261
<i>Marianne O'Shea, Jeanet Gerritsen, Inge Mohede</i>	

<b>Chapter 12</b>	
Cocoa Butter, Cocoa Butter Equivalents, and Cocoa Butter Substitutes.....	279
<i>Vijai K.S. Shukla</i>	

### ***PART III Lipids with Health and Nutritional Functionality***

<b>Chapter 13</b>	
Marine Lipids and Omega-3 Fatty Acids.....	311
<i>Robert G. Ackman</i>	

<b>Chapter 14</b>	
Nutraceuticals, Aging, and Food Oxidation.....	325
<i>Jae Hwan Lee, David B. Min</i>	

<b>Chapter 15</b>	
Dietary Lipids: Metabolism and Physiological Functions.....	351
<i>Armand B. Christophe</i>	

<b>Chapter 16</b>	
CLA in Human Nutrition and Health: Human Studies.....	363
<i>Yong Li, Bruce A. Watkins</i>	

<b>Chapter 17</b>	
Fortified Foods: A Way to Correct Low Intakes of EPA and DHA.....	389
<i>Reto Muggli</i>	

<b>Chapter 18</b>	
Phytosterols and Human Health.....	403
<i>Vivienne V. Yankah</i>	

<b>Chapter 19</b>	
Clinical Studies with Structured Triacylglycerols.....	419
<i>Trine Porsgaard</i>	

## ***PART IV Role of Biotechnology and Market Potential for Functional Lipids***

<b>Chapter 20</b>	
Enzymatic Modification of Lipids for Functional Foods and Nutraceuticals .....	437
<i>Yuji Shimada</i>	

<b>Chapter 21</b>	
Application of Structured Lipids in Emulsions.....	457
<i>Hannah T. Osborn-Barnes, Casimir C. Akoh</i>	

<b>Chapter 22</b>	
Potential Market for Functional Lipids.....	475
<i>Suk-Hoo Yoon</i>	

<b>Chapter 23</b>	
Structured Lipids Production.....	489
<i>Jeung-Hee Lee, Ki-Teak Lee</i>	

<b>Index</b> .....	513
