

## CONTENTS

## THE FUNDAMENTALS OF NUTRITION

|                                 |    |
|---------------------------------|----|
| Foreword by John R. Murlin..... | ix |
| Preface.....                    | xi |

## SECTION I

## METABOLISM

|                                       |    |
|---------------------------------------|----|
| I. Energy Metabolism.....             | 3  |
| A. Basal Metabolism.....              | 3  |
| B. Total Metabolism.....              | 12 |
| C. Variations from Normal Values..... | 13 |
| D. Methods of Metabolic Study.....    | 13 |
| E. Respiratory Quotient.....          | 16 |

## SECTION II

## FUNDAMENTALS OF NUTRITION

|   |    |
|---|----|
| II. Classification of Foods.....                | 25 |
| A. Protein, Fat and Carbohydrate.....           | 25 |
| B. Accessory Factors—Vitamins and Minerals..... | 28 |
| C. Balance Factors.....                         | 40 |
| D. Miscellaneous Data.....                      | 43 |
| III. Calculation of Energy Requirement.....     | 46 |
| IV. The Normal Diet.....                        | 51 |
| V. Low Cost Meals.....                          | 56 |

## SECTION III

## DIET THERAPY

|  |     |
|--|-----|
| VI. General Diet Therapy.....  | 65  |
| VII. Feeding of Invalids.....  | 67  |
| VIII. Modification of Diet in:   |     |
| A. Diseases of Metabolism  |     |
| 1. Obesity—Samuel H. Bassett, M.D.....                                   | 73  |
| 2. Malnutrition—Samuel H. Bassett, M.D.....                              | 77  |
| 3. Metabolism in Thyroid Disease—Samuel H. Bassett, M.D.....             | 82  |
| 4. Diabetes Mellitus—C. B. F. Gibbs, M.D. and Walter R. Bloor, Ph.D..... | 97  |
| 5. Hyperinsulinism and Hypoglycemia—C. B. F. Gibbs, M.D.....             | 115 |
| 6. The Dietary Treatment of Gout—Lawrence A. Kohn, M.D.....              | 118 |
| 7. Diet in the Treatment of Febrile Diseases—Doran J. Stephens, M.D..... | 121 |

|  |     |
|--|-----|
| B. Diseases of the Digestive System  |     |
| 1. Diseases of the Gastro-intestinal Tract—Harry L. Segal, M.D. . . . . .  | 126 |
| 2. Celiac Disease—Fred S. Gachet, M.D. . . . .   | 137 |
| 3. Diet in Diseases of the Liver and Gall Bladder—Doran J. Stephens, M.D. . . . .  | 142 |
| C. Specific Disease Groups   |     |
| 1. Cardio-vascular and Renal Diseases—E. Henry Keutmann, M.D. . . . .  | 145 |
| 2. Diet and the Anemias—Freda S. Robscheit-Robbins, Ph.D. . . . .  | 167 |
| 3. The Ketogenic Diet in the Treatment of Epilepsy, Urinary Infections, and Other Conditions—Irvine McQuarrie, M.D., Ph.D. . . . . | 172 |
| 4. Food Allergy—Jerome Glaser, M.D. . . . .  | 177 |
| 5. The Toxemias of Pregnancy—Ward L. Ekas, M.D. . . . .  | 182 |
| 6. The Influence of Diet on Urolithiasis—Winfield W. Scott, M.D. . . . .   | 196 |
| 7. Dietary Treatment of Metallic Poisoning—Paul Garvey, M.D. . . . .   | 200 |
| D. The Treatment of Surgical Patients—W. J. Merle Scott, M.D. . . . .  | 201 |
| E. Other Conditions  |     |
| 1. Diet in Pregnancy and Lactation—Ray G. Daggs, Ph.D. . . . .   | 208 |
| 2. Diet in Relation to Dental Development—C. D. M. Day, D.D.S. . . . .   | 213 |
| 3. The Feeding of Normal Children—Samuel W. Clausen, M.D. . . . .  | 216 |
| 4. Minerals and Mineral Metabolism—Harold B. Pierce, Ph.D. . . . .   | 225 |
| 5. Vitamins and Vitamin Deficiencies. . . . .  | 242 |

## SECTION IV

## DIET PLANNING

|  |     |
|--|-----|
| IX. The Table of 100-Calorie Portions. . . . .                             | 293 |
| A. The Use of the Table. . . . .   | 328 |
| X. The Calculation of Diets. . . . .                                       | 332 |
| A. Tabulation of the "Average Serving" of some Common Foods. . . . .       | 332 |
| B. Outline for Menu Planning. . . . .                                      | 334 |
| C. Precise Calculation of a Diet. . . . .                                  | 335 |
| D. Approximate Food Equivalents for Interchanges in Special Diets. . . . . | 337 |

CONTENTS

xv

|   |     |
|---|-----|
| E. Potassium Content of Foods.....  | 341 |
| F. Cholesterol Content of Foods.....  | 343 |
| XI. Summary of Adjustments in the Normal Diet to meet Specific Therapeutic needs..... | 344 |
| XII. The Utilization of Foods.....  | 346 |
| XIII. A Food Exhibit.....   | 347 |
| XIV. Miscellaneous Data.....  | 348 |
| A. Units of Measure.....  | 348 |
| B. Common Foods Grouped According the Relative Cost of Energy Yield.....              | 348 |
| C. Foods Grouped According to Protein, Fat and Carbohydrate Content.....              | 350 |
| D. General Summary of Average Composition of Some Common Foods.....                   | 353 |
| E. Generalization Concerning 100-Calorie Portions.....                                | 354 |
| F. The Approximate Quantity Yield from One Pound of Common Foods.....                 | 354 |

SECTION V

APPENDIX

|  |     |
|--|-----|
| XV. Evaluation of Nutritional Status.....  | 359 |
| A. Methods of Study.....   | 359 |
| B. Nutritional History.....  | 360 |
| C. Constituents of Blood.....  | 362 |
| D. Constituents of Urine.....  | 369 |
| E. Composition of the Feces.....   | 373 |
| F. The Daily Vitamin Requirement for the Normal Adult as supplied by Foods or Food Combinations..... | 373 |
| G. Laboratory Methods of Studying Vitamins.....  | 375 |
| XVI. Milk.....   | 382 |
| A. Composition of Milks of Various Mammals.....  | 382 |
| B. Standards for the Grading of Milk.....  | 383 |
| XVII. Commercial Vitamin Products.....   | 384 |
| A Summary of Costs, Potency, Dosage  |     |
| XVIII. Food Hazards.....   | 403 |
| XIX. Recipes and Food Suggestions for Special Conditions.....  | 409 |
| A. General Instructions for the Cooking of Foods.....  | 409 |
| B. Suggestions for Diets in Obesity.....   | 411 |
| C. Food for Allergic Patients.....   | 413 |
| Wheatless—eggless—milkless   |     |
| D. Soybeans.....   | 420 |
| E. Foods for Patients with Anemia.....   | 422 |
| F. Miscellaneous Suggestions.....  | 428 |
| G. Cold Pack, Water Canning of Foods.....  | 429 |

|  |     |
|--|-----|
| XX. Special Diet Instruction Sheets . . . . .                                | 432 |
| A. Diet for Obesity . . . . .  | 432 |
| B. Diet for Celiac Disease . . . . .   | 434 |
| C. Diet for Hypoglycemia . . . . .   | 435 |
| D. The Ketogenic Diet . . . . .  | 441 |
| E. Diet for the Diabetic . . . . .   | 442 |
| F. The Joslin Card for Calculation of the Diet for the<br>Diabetic . . . . . | 443 |
| G. Low Purine Diet . . . . .   | 444 |
| H. The Modified Sippy Diet . . . . .   | 445 |
| I. Ambulant Ulcer Diet . . . . .   | 446 |
| J. Elimination Diets . . . . .   | 447 |
| K. Low Protein Diet for Toxemias of Pregnancy . . . . .                      | 451 |
| L. Diet Calculation Sheet . . . . .  | 452 |
| XXI. Miscellaneous Data . . . . .  | 454 |
| A. Biologic Food Groups . . . . .  | 455 |
| B. Allergens Routinely Employed . . . . .                                    | 455 |
| C. Foods Frequently causing Allergic Symptoms . . . . .                      | 456 |
| D. Description of Some of the Commonly Used Cereals . . . . .                | 456 |
| E. Commercial Products for Special Uses . . . . .                            | 456 |
| F. Acids and Pigments of Fruits . . . . .                                    | 458 |
| INDEX . . . . .  | 461 |
