INTRODUCTION, OBJECTIVES AND METHODOLOGY	1
SUMMARY	3
A. Current status of markets	3
B. Supply potential	4
C. Regulations and quality requirements	5
D. Tariffs	5
E. Prices	6
F. Distribution channels	6
G. Commercial practices	6
H. Summary of product profiles	7
CONCLUSIONS AND RECOMMENDATIONS	21
<u>PART I MARKET ASPECTS</u>	23
Chapter 1. <u>World trade in medicinal plants</u>	25
A. Overview	25
B. Western Europe	30
1. Federal Republic of Germany	30
2. France	30
3. Netherlands	35
4. Switzerland	36
5. United Kingdom	38
C. North America	40
1. United States	41
2. Canada	43
D. Asia	47
1. Japan	48
2. Hong Kong	51
3. Singapore	52
4. Indonesia	53
5. Thailand	54
Chapter 2. <u>The supply situation</u>	56
Chapter 3. <u>Specifications and quality requirements</u>	58
A. General specifications	58
B. Sampling	60
C. Fumigation	61
D. Storage requirements	61

	<u>Page</u>
Chapter 4. <u>Market overview</u>	62
Chapter 5. <u>Import duties and import regulations</u>	64
Chapter 6. <u>Prices</u>	72
Chapter 7. <u>Trade and distribution channels</u>	74
A. General	74
B. Main trading centres	75
Chapter 8. <u>Commercial practices</u>	77
A. Purchasing methods	77
B. Purchasing policy and stocking	78
C. Delivery terms	78
D. Quotations and mode of payment	78
 <u>PART II PRODUCT PROFILES</u>	 79
 INTRODUCTION	 81
 Chapter 9. <u>Atropa belladonna L. and A. acuminata Royle ex Lindl (Belladonna), family Solanaceae</u>	 83
A. Description and use	83
B. Quality requirements and specifications	84
C. Market summary	85
D. Prices	85
E. Competition from other products and market prospects	86
 Chapter 10. <u>Catharanthus roseus G. Don., family Apocynaceae</u>	 87
A. Description and uses	88
B. Quality requirements and specifications	88
C. Market summary	88
D. Prices	88
E. Competition from other products and market outlook	88
 Chapter 11. <u>Cephaelis species (ipecacuanha), family Rubiaceae</u>	 90
A. Description and uses	90
B. Quality requirements and specifications	92
C. Production and international trade	92
D. Prices	93
E. Competition from other products and other constraints	94
F. Market outlook and conclusions	94

	<u>Page</u>
Chapter 12. <u>Cinchona species, family Rubiaceae</u>	95
A. Description and uses	95
B. Quality requirements and specifications	96
C. Production and international trade	97
D. Prices	100
E. Competition with synthetic and other products	101
F. Market outlook and conclusions	102
 Chapter 13. <u>Datura species, family Solanaceae</u>	 103
A. Description and uses	103
B. Specifications	104
C. Market summary	105
D. Competition from other products and market outlook	105
 Chapter 14. <u>Rauwolfia species, family Apocynaceae</u>	 106
A. Description and uses	106
B. Quality requirements and specifications	108
C. Market summary	108
D. Prices	109
E. Competition from other products	110
F. Market outlook	111
 Chapter 15. <u>Carica papaya L., papain, family Caricaceae</u>	 113
A. Description and specifications	113
B. Packaging and handling	115
C. Uses	115
D. Production and international trade	118
E. Prices	118
F. Competition from synthetic and other products	119
 Chapter 16. <u>Digitalis species, family Scrophulariaceae</u>	 120
A. Description, cultivation, processing and uses	120
B. Quality requirements and specifications	123
C. Market summary	123
D. Prices	124
E. Competition from other products and market prospects	124
 Chapter 17. <u>Dioscorea species, diosgenin, family Dioscoreaceae</u>	 125
A. Description and derivation of diosgenin	125
B. Production and consumption of diosgenin	126
C. Supply situation	128
D. Prices	129
E. Alternative sources of diosgenin	130
F. Competition from other products	130
G. Market outlook and recommendations	132

	<u>Page</u>
Chapter 18. <u>Glycyrrhiza glabra, liquorice, family Leguminosae</u>	133
A. Description, cultivation, processing and uses	133
B. Specifications and quality requirements	137
C. Production and international trade	138
D. Prices	142
E. Competition from other products	143
F. Market outlook	144
Chapter 19. <u>Panax species and Eleutherococcus senticosus, ginseng, family Araliaceae</u>	145
A. Description and uses	145
B. Quality requirements and specifications	148
C. Producing countries and international trade	148
D. Prices	154
Chapter 20. <u>Plants containing laxatives</u>	156
I. TYPES OF LAXATIVES	156
A. Stimulant laxatives	156
B. Bulk-forming laxatives	158
C. Saline laxatives	158
D. Emollient, faecal softening, laxatives	158
II. THE MAJOR PLANT LAXATIVES	159
A. Cassia senna	159
B. Plantago ovata (psyllium)	167
Chapter 21. <u>Valeriana species, valerian, family Valerianaceae</u>	172
A. Description and uses	172
B. Quality requirements and specifications	174
C. Market summary	174
D. Prices	175
E. Competition from other products and market outlook	177
 <u>APPENDICES</u>	
I. Glossary of some of the technical terms used in this survey	181
II. Supplementary statistical data on EEC foreign trade in certain plants and plant derivatives, 1980	183
III. Imports of vegetable materials used in pharmacy into the major trading areas, by value, 1976 and 1980	187
IV. Useful addresses	188
