

## CONTENTS

Preface	xi
1. Plant-Derived Natural Products in Drug Discovery and Development: An Overview	2
2. Tropical Forest Biodiversity and the Potential for New Medicinal Plants	13
3. Phytomedicines in Western Europe: Potential Impact on Herbal Medicine in the United States	25
4. Biological and Chemical Diversity and the Search for New Pharmaceuticals and Other Natural Products	38
5. The Renaissance of Plant Research in the Pharmaceutical Industry	48
6. Secondary Metabolism in Plant Tissue Cultures Transformed with <i>Agrobacterium Rhizogenes</i>	56
7. Role of Plants in the National Cancer Institute Drug Discovery and Development Program	80
8. Logistics and Politics in Plant Drug Discovery: The Other End of the Spectrum	96
9. Simple Bench-Top Bioassays (Brine Shrimp and Potato Discs) for the Discovery of Plant Antitumor Compounds: Review of Recent Progress	112
10. Taxol, an Exciting Anticancer Drug from <i>Taxus brevifolia</i> : An Overview	138
11. Camptothecin and Analogues: Synthesis, Biological In Vitro and In Vivo Activities, and Clinical Possibilities	149
12. Antineoplastic Agents and Their Analogues from Chinese Traditional Medicine	170
13. Novel Strategies for the Discovery of Plant-Derived Anticancer Agents	191
14. Cancer Chemopreventive Agents: From Plant Materials to Clinical Intervention Trials	205
15. National Cancer Institute Intramural Research on Human Immunodeficiency Virus Inhibitory and Antitumor Plant Natural Products	218
16. Discovery and Development of Novel Prototype Antibiotics for Opportunistic Infections Related to Acquired Immunodeficiency Syndrome	228
17. <i>Artemisia annua</i> : From Weed to Respectable Antimalarial Plant	242
18. Search for Molluscicidal and Larvicidal Agents from Plants	256
19. Algal Secondary Metabolites and Their Pharmaceutical Potential	276
20. Activation of the Isoforms of Protein Kinase C and Other Kinases by Phorbol Esters of Different Biological Activities	294
21. Bioactive Organosulfur Compounds of Garlic and Garlic Products: Role in Reducing Blood Lipids	306
22. Rohitukine and Forskolin: Second-Generation Immunomodulatory, Intraocular-Pressure-Lowering, and Cardiotonic Analogues	331
Author Index	341
Affiliation Index	341
Subject Index	342
