

TABLE OF CONTENTS

I. THE BASICS OF NUTRITIONAL BALANCING

1. Introduction and the New Healing Paradigm	1
2. The Healing Lifestyle.....	13
3. Diet for Fast and Slow Oxidizers.....	27
4. Nutrient Supplementation.....	41
5. Detoxification.....	53
6. Mental and Spiritual Development.....	65

II. THE SCIENTIFIC BASIS FOR NUTRITIONAL BALANCING SCIENCE

7. A Very Brief History of Nutritional Balancing Science.....	69
8. The Scientific Basis for Nutritional Balancing.....	77
9. Other Basic Principles of Nutritional Balancing Science.....	89
10. More Advanced Nutritional Balancing Principles.....	97
11. Stress, the Stress Response and the Autonomic Nervous System.....	107
12. The Oxidation Types and Theoretical Considerations	119
13. Specifics of Balanced, Flexible, Fast, Slow, Sub-oxidation and Mixed Oxidation.....	135

III. INTRODUCTION TO THE MINERALS

14. The Macrominerals – Calcium, Magnesium, Sodium, Potassium, Phosphorus and Sulfur..	145
15. The Twins – Zinc and Copper.....	165
16. The Amigos or Friends – Iron, Manganese, Chromium and Selenium.....	185
17. Other Trace Minerals – Iodine, Lithium, Boron and Molybdenum.....	195
18. Toxic Metals – Lead, Mercury, Nickel, Aluminum, Cadmium, Arsenic & Radioactive Metals	203

IV. HAIR MINERAL ANALYSIS

19. Hair Mineral Analysis Overview.....	215
20. Hair Analysis Interpretation Principles.....	227
21. The Components of Hair Analysis Readings.....	235
22. Macromineral Levels, Ratios and Patterns on a Hair Mineral Analysis.....	243
23. Interpreting the Trace Minerals and Toxic Metals, and Core Issues.....	275
24. Hair Analysis Retesting.....	285

V. PHYSICAL HEALTH CONDITIONS AND NUTRITIONAL BALANCING

25. Adaptive Energy or Vitality.....	297
26. Digestive and Eating Disorders.....	305
27. General Endocrine and Adrenal Glandular Assessment.....	319
28. Thyroid Glandular Assessment and Disorders.....	327
29. Diabetes, Hypoglycemia, and Metabolic Syndrome or Syndrome X.....	335
30. Cardiovascular, Respiratory, Allergies and Anemias	345
31. Reproductive and Kidney Disorders, the Immune Response, Seizures and Headaches.....	357
32. Dental, Arthritis, Osteoporosis, Athletics, Trauma and Neuromuscular Diseases.....	369
33. Sensory Organs, Skin, Hair and Nail conditions, Pain and Inflammation.....	377
34. Nutritional Balancing Through the Life Cycle.....	383
35. Cancer.....	393

VI. MENTAL, EMOTIONAL AND SPIRITUAL ASPECTS OF NUTRITIONAL BALANCING SCIENCE

36. Introduction to Mental Health And Nutritional Balancing.....	399
37. Level One Disorders –Dementias, Learning Disorders, Dyslexia, Autism, ADD, ADHD, Developmental Delays and Suicide.....	411
38. Level Two Disorders – Depression, Anxiety, Bipolar Disorder, Disorders of Affect, Violence, Drug Use, Addiction, Alcoholism and Grief.....	419
39. Level Three – Tuning Disorders - Narcissism, Psychism, Obsessive-compulsive Disorder, Multiple Personality Disorder, Borderline Personality, Psychopathology and Schizophrenias..	433
40. Breakthrough and Combination Disorders – Panic Attacks, Post-Traumatic Stress Disorder, Phobias, Hypoglycemic Attacks, Nervous Breakdowns and Combination Disorders - Brain Fog, Malaise, Young Women’s Syndrome, Iron Disorder, Cadmium Toxicity, Insomnia, Narcolepsy, and Brain Enhancement.....	441
41. Sexual Aspects of Nutritional Balancing.....	453
42. Personality and Individual Minerals.....	463
43. Personality and the Oxidation Types, the Major Ratios and other Patterns, Including Personality Types as Revealed on Hair Mineral Analyses	475

VII. BASIC THERAPEUTICS AND OTHER PRACTICE ASPECTS

44. Therapy Concepts, Computer-Generated Reports, Enemas, Saunas and Meditation.....	495
45. Retracing	519
46. Building a Nutritional Balancing Practice.....	533
47. Legal Aspects of Nutritional Balancing Science.....	549
48. Healing the Health Care system.....	569
49. Conclusions, Learning Nutritional Balancing and Further Resources.....	577

APPENDICES

I. Glossary of Nutritional Balancing Terminology.....	587
II. The Mineral Reference Guide.....	594
The Trace Minerals.....	604
The Toxic Metals.....	620
III. Important Movement Patterns on a Hair Mineral Analysis.....	630
IV. Determination of Oxidation Type by means of Hair Analysis, <i>J Ortho Med.</i> , 1;2, 1986.....	631
V. Effects of Washing on Hair Mineral Levels, <i>J Ortho Med.</i> , 1;2, 1986.....	637
VI. Other Healing Techniques.....	644
- Uses for a single reddish infrared ‘heat lamp’.	
- Baths: partial, hydrogen peroxide, Epsom salts, salt and soda, hot, genital.	
- Liver-gallbladder flush.	
- Other detoxification methods: salt water gargle and flush, castor oil packs, hot tubs.	
- The Coca pulse test for food reactions.	
- Applied kinesiology or muscle testing.
