
CONTENTS

- 1 Introduction to Prebiotics and Probiotics..... 1
Wilhelm H. Holzapfel
- 2 Development of Probiotic Food Ingredients35
*Katja Sckmid, Ralf-Christian Scklotkauer, Udo Friedrich,
Christine Staudt, Juha Apajalahti, and Egon Beck Hansen*
- 3 Taxonomy and Biology of Probiotics 67
Lorenzo Morelli and Maria L. Callegari
- 4 Primary Sources of Probiotic Cultures.....91
Daniel J. O'Sullivan
- 5 Properties of Evidence-Based Probiotics for Human
Health 109
Lynne V. McFarland and Gary W. Elmer
- 6 Genetic Engineering of Probiotic Bacteria139
*Collette Desmond, Paul Ross, Gerald F. Fitzgerald, and Catherine
Stanton*
- 7 Immunochemical Methods for Detection of Probiotics 165
*Analia G. Abraham, Maria Serradell, Graciela L. Garrote,
Alberto C. Fossati, and Graciela L. De Antoni*
- 8 Molecular-Based Methods Directed toward Probiotics 191
Marlene E. Janes and Nigel Cook
- 9 Application of Repetitive Element Sequence-Based (rep-)
PCR and Denaturing Gradient Gel Electrophoresis
for the Identification of Lactic Acid Bacteria in
Probiotic Products..... 207
Robin Temmerman, Liesbetk Masco, Geert Huys, and Jean Swings
- 10 Genetically Modified Probiotics 229
Farid E. Akmed

11	Use of Probiotics in Preharvest Food Safety Applications	251
	<i>Francisco Diez-Gonzalez and Gerry P. Schamberger</i>	
12	Preharvest Food Safety Applications of Competitive Exclusion Cultures and Probiotics.....	273
	<i>Robin C. Anderson, Kenneth J. Genovese, Roger B. Harvey, Todd R. Callaway, and David J. Nisbet</i>	
13	Probiotics as Biopreservatives for Enhancing Food Safety.....	285
	<i>Ipek Goktepe</i>	
14	EU Perspectives on Food, Gastrointestinal Tract Functionality, and Human Health	309
	<i>Tiina Mattila-Sandholm, Liisa Lahteenmaki, and Maria Saarela</i>	
15	Modulation of Epithelial Function and Local Immune System by Probiotics: Mechanisms Involved.....	341
	<i>Sandrine Ménard and Martine Heyman</i>	
16	Probiotics in Cancer Prevention	365
	<i>Kazuhiro Hirayama and Joseph Rafter</i>	
17	Statistical Considerations for Testing the Efficacy of Probiotics	383
	<i>Mohamed Ahmedna</i>	
18	The Safety of Probiotics in Foods in Europe and Its Legislation	405
	<i>Arthur C. Ouwehand, Vanessa Vankerckhoven, Herman Goossens, Geert Huys, Jean Swings, Marc Vancanneyt, and Anu Lähteenmäki</i>	
19	Probiotics in Food Safety and Human Health: Current Status of Regulations on the Use of Probiotics in Foods in Japan	431
	<i>Yoichi Fukushima and Hisakazu Iino</i>	
	Index	465
