

# Contents

Preface.....	i
Contents.....	iii
Contributors..	vii
Opening Address.....	xi
Professor Dr. H.R.H. Princess Chulabhorn Mahidol	
<b>Keynote Address</b> .....	<b>1</b>
Professor Dr. H.R.H. Princess Chulabhorn Mahidol	
<b>Plenary Lectures</b> .....	<b>5</b>
Chemical Carcinogenesis : Some Occupational and Lifestyle Factors.....	7
E.K. Weisburger	
Tumor Induced by Antineoplastic Agents in Animals and Humans.....	21
D. Schmahl	
Studies on the Safety for the CNS of the Monosodium Glutamate.....	29
S. Garattini	
Environmental Carcinogens - from Identification to Prevention.....	43
H. Vainio, J.D. Wilbourn and L. Tomatis	
DNA Damage by Hydrazine Derivatives.....	55
R.C. Shank	
Genotoxic Substances in Food.....	67
S. Sato	
<b>Metabolic Activations of Heterocyclic Amines from Protein Pyrolysates :</b> Significance for <b>Genotoxicity</b> and <b>Carcinogenicity</b> .....	<b>69</b>
R. Kato and Y. Yamazoe	
<b>Chemical Carcinogenesis and Mutagenesis</b> .....	<b>81</b>
Carcinogens in the Environment.....	83
W. Lijinsky	
Molecular Mechanism Involved in Induction and Modulation of Cancer by N-Nitroso Compounds.....	93
V.M. Craddock	

Induction of Hepatic and Renal Ornithine Decarboxylase by Cadmium, Cobalt and Other Metal Ions in Rat.....	101
Y. Kuroiwa, S. Numazawa, T. Oguro and T. Yoshida	
Chemical Carcinogenicity of Peroxisome Proliferating Agents.....	105
D. Feller and T.A. Kocarek	
Mutagenicity of Nitro-Aromatic Compounds .....	119
H. Matsushita, A. Kawai, S. Goto and O. Endo	
Epidemiological Studies and Occupational Carcinogenesis : The Case of Cadmium .....	131
T.H. Lam	
<b>Environmental Toxicity and Naturally Occurring Toxic Substances _____</b>	<b>141</b>
Toxicology of Complex Mixtures of Environmental Pollutants .....	143
O. Wassermann	
Chemistry and Toxicology of Phytotoxic Contact Allergens.....	145
E. Rodriguez	
Health Effect on Population in Cadmium Pollution of Rice .....	147
H. Watanabe	
<b>Modulators of Toxicity and Carcinogenicity _____</b>	<b>151</b>
Stress, Strain and Prevention in Occupational and Environmental Hazardous.....	153
G. Schacke, R. Liidersdort, A. Fuchs	
Nutritional Zinc-Deficiency and Nitrosamine-Induced Carcinogenesis in the Rat.....	165
L. Y.Y. Fong	
Influence of Dietary Vitamin B Deficiencies on the Mechanism of Carcinogenesis by Dimethylnitrosamine .....	173
M. Ruchirawat	
Cholangio Carcinogenesis : Relationship of Liver Flukes, Bile Acid and Food Contaminants.....	179
P. Migasena	
Environmental Factors, Schistosomiasis and Bladder Cancer in Egypt.....	187
M.H. Mostafa	

Effects of Trichothecene Mycotoxin Diacetylscirpenol on <b>Nitrosamine-Induced</b> Esophageal Cancer and on the Relevant Enzymes in Esophagus and Liver.....	191
V.M. Craddock	
Detoxification of Methylglyoxal, a Cell Growth Regulator and Production of Glutathione with Gene Engineered Cells.....	197
A. Kimura	
Dietary Protein and Toxic Response.....	207
J. <b>Manring</b>	
<b>Testing and Assessment of Toxicity and Safe Handling of Chemicals _____</b>	<b>211</b>
The Safety Evaluation of Carcinogenic Food Additive.....	213
K. Fujiwara	
Assessing the Environmental Effects of Pesticides .....	219
R. Stephenson	
A Risk Assessment of Trihalomethane in Drinking Water and Related Problems.....	231
H. Sumitomo	
Planning for the Safe Handling of Chemicals and Training for Laboratory and Industry Personnel.. ..	241
K.S. Roos	
<b>Toxicological Problems in Developing and Newly Industrialized Countries ____</b>	<b>247</b>
Emerging Environmental and Toxicological Problems.. ..	249
Nay Htun	
A Brief <b>Introduction</b> on Environmental Toxicology in People's Republic of China.....	257
L. Shen	
Recent Progress in the Research on the Etiological Factors of Stomach Cancer in China.....	261
R.F. Zhang	
The Concept of Agromedicine and the Need for a Drug and Poison Control Center in Egypt .....	271
E.A. El-Bassiouni and <b>M.I.A. Ramadan</b>	

Aspects Relating to Environmental Toxicity and Carcinogenesis in Sri Lanka .....	275
R.H. Wickramasinghe	
Toxicological Problems in Thailand .....	285
J. Boon-Long, T. Glinsukon, P. Pothisiri, S. Srianujata, V. Suphakarn and M. Wangpanich	
Status on Environmental Toxicity in Pakistan.....	295
M.A.A. Beg	
Toxicological Problems in Iraq .....	301
F.A.A. Al-Shaban	
Toxicological Perspective for Australia : A Personal View .....	305
J. Howell	
Environmental Toxicant - Induced Immunosuppression and Cancer : A Great Problem in the Developing World.....	309
P.K. Ray	
Management of Toxic Chemicals and Toxicological Problems in Malaysia.....	313
H.R. Ibarahim	
<b>Resolutions</b> .....	<b>317</b>
Toxicological Problems in Developing and Newly Industrialized Countries .....	319
Data Handling and Dissemination of Information .....	325
