

CONTENTS

Chapter 1: Structure of Materials	1
Chapter 2: Composition of Materials	103
Chapter 3: Phase Diagram Sources	149
Chapter 4: Thermodynamic and Kinetic Data	151
Chapter 5: Thermal Properties of Materials	371
Chapter 6: Mechanical Properties of Materials	527
Chapter 7: Electrical Properties of Materials	939
Chapter 8: Optical Properties of Materials	1043
Chapter 9: Chemical Properties of Materials	1071
Chapter 10: Selecting Structural Properties	1287
Chapter 11: Selecting Thermodynamic and Kinetic Properties	1303
Chapter 12: Selecting Thermal Properties	1423
Chapter 13: Selecting Mechanical Properties	1567
Chapter 14: Selecting Electrical Properties	1709
Chapter 15: Selecting Optical Properties	1791
Chapter 16: Selecting Chemical Properties	1805
