

CONTENTS

FOREWORD	iii
1. INTRODUCTION	1
2. CORROSION AND CORROSION PHENOMENA	5
Uniform Corrosion	6
Galvanic Corrosion	7
Concentration-Cell Corrosion	10
Pitting Corrosion	11
Dezincification	11
Graphitic Corrosion	13
Intergranular Corrosion	14
Stress Corrosion	15
Corrosion Fatigue	20
Cavitation	21
Impingement Attack	21
3. CATHODIC PROTECTION	22
4. INHIBITORS	28
Sodium Chromate	29
Sodium Nitrite	29
Phosphates	30
Silicates	31
Borates	31
Amines	31
Sodium Benzoate	32
Other Organics	32
Vapor-Phase Inhibitors	32
General	33
5. DESIGNING FOR CORROSION PROTECTION	35
6. IRON AND STEEL	44
Wrought Iron	44
Carbon Steel	47
Low Alloy Steels	53
7. CAST IRONS	56
Gray Cast Iron	56
White Cast Iron	61
Malleable Iron	62
Ductile Cast Iron	63

8. ALLOY CASTINGS	67
High-Silicon Cast Irons.....	67
"Hastelloy D".....	71
"Ni-Resist".....	73
Ductile "Ni-Resist".....	77
"Ni-Hard".....	79
9. STAINLESS STEELS	83
Martensitic.....	84
Ferritic.....	87
Austenitic—300 Series.....	90
Austenitic—200 Series.....	98
Castings.....	100
Cladding.....	104
10. MEDIUM ALLOYS	106
"Durimet 20" and Other "20" Alloys.....	106
"Worthite".....	111
"Carpenter 20".....	113
"Ni-o-nel".....	115
"Hastelloy F".....	117
"Illium".....	119
11. HIGH ALLOYS	121
"Hastelloy B".....	121
"Chlorimet 2".....	124
"Hastelloy C".....	126
"Chlorimet 3".....	130
12. ALUMINUM AND ALUMINUM ALLOYS	132
Aluminum.....	132
Aluminum Alloys.....	138
Castings.....	145
13. COPPER AND COPPER ALLOYS	149
Copper.....	149
Brasses.....	154
Bronzes.....	157
Cupro-Nickels.....	162
Duplex Tubing.....	164
14. NICKEL AND NICKEL ALLOYS	165
Nickel.....	165
Cast Nickel.....	170
"Monel".....	171
Cast "Monel".....	174
"Inconel".....	175
Cast "Inconel".....	177

"Incoloy".....	177
Cladding.....	178
15. LEAD AND ITS ALLOYS.....	180
Lead.....	180
Lead Alloys.....	186
16. TITANIUM AND ZIRCONIUM AND THEIR ALLOYS.....	188
Titanium.....	188
Titanium Alloys.....	193
Zirconium.....	195
Zirconium Alloys.....	200
17. BRICK CONSTRUCTION AND CHEMICAL-RESISTANT CEMENTS.....	201
Shells.....	201
Membranes.....	201
Bricks.....	204
Cements.....	205
Silicate Cements.....	206
Sulfur Cements.....	207
Bituminous Cements.....	207
Phenolic Cements.....	208
Furane Cements.....	208
Polyester Cements.....	209
Epoxy Cements.....	210
General Remarks.....	211
18. PLASTICS.....	212
Phenolic Plastics.....	214
Furane Plastics.....	216
Polyester Plastics.....	218
Epoxy Plastics.....	221
ABS Plastics.....	223
Polyethylene Plastics.....	225
Polyvinyl Chloride Plastics.....	228
Polyvinylidene Chloride Plastic.....	232
Fluorocarbon Plastics.....	233
Chlorinated Polyether Plastics.....	235
Polypropylene Plastics.....	237
Polycarbonate Plastics.....	238
General Remarks.....	238
19. RUBBERS AND ELASTOMERS.....	241
Natural Rubber.....	242
Hard Rubber.....	243
Neoprene Rubber.....	244
Styrene Rubber.....	246

Nitrile Rubber.....	247
Butyl Rubber.....	248
Polysulfide Rubber.....	249
Silicone Rubber.....	251
“Saraloy”.....	252
Polyvinyl Chloride.....	253
„Hypalon”.....	255
Urethane Elastomer.....	257
Fluoroelastomers.....	257
Linings.....	259
20. PAINTS AND COATINGS.....	262
Design.....	263
Surface Preparation.....	263
Application.....	266
Paint Selection.....	267
Oil Paints.....	269
Alkyd Paints.....	270
Phenolic Paints.....	271
Chlorinated Rubber Paints.....	272
Neoprene Paints.....	273
Vinyl Paints.....	274
Epoxy Paints.....	275
Epoxy-Ester Paints.....	277
Polyurethane Paints.....	278
Silicone Paints.....	278
Asphalt Coatings.....	279
Coal Tars.....	282
Epoxy-Coal Tars.....	284
Paint Testing.....	284
General Remarks.....	286
Paint Costs.....	287
BIBLIOGRAPHY.....	289
GLOSSARY OF CORROSION TERMS.....	290
GLOSSARY OF METALLURGICAL TERMS.....	292
INDEX.....	297
