

CONTENTS

1. Introduction	1
2. Glossary of Terms	5
3. Identification of Plastics	19
4. Thermosetting Materials	23
5. Thermoplastics Materials	43
6. Processing of Plastics	89
7. Trouble Shooting in Processing	125
8. Plastics Applications	149
9. Comparative Properties of End-Products	159
10. Decoration of Plastics	213
11. Machining of Plastics	217
12. Adhesives for Plastics (Table)	223
13. General Information	237
14. Technical Courses	245
15. I.S.I. Standards	251
16. Conversion Tables	259
17. Plastics-An Energy Saver	281
18. Bibliography	285
Index	287
