
Contents

Preface	vii
Editor	ix
Contributors	xi
Chapter 1 Polychloroprene Rubber	1
<i>Rudiger Musch and Hans Magg</i>	
Chapter 2 Acrylonitrile Butadiene Rubber	39
<i>Robert C. Klingender</i>	
Chapter 3 Hydrogenated Nitrile Rubber	93
<i>Robert W. Keller</i>	
Chapter 4 Fluoroelastomers, FKM, and FEPM	133
<i>Pascal Ferrandez</i>	
Chapter 5 Polyacrylate Elastomers—Properties and Applications	155
<i>Robert C. Klingender</i>	
Chapter 6 Ethylene/Acrylic (AEM) Elastomer Formulation Design	193
<i>Lawrence C. Muschiatti, Yun-Tai Wu, Edward McBride, and Klaus Kammerer</i>	
Chapter 7 Polyepichlorohydrin Elastomer	245
<i>Robert C. Klingender</i>	
Chapter 8 Compounding with Chlorinated Polyethylene	289
<i>Ray Laakso</i>	
Chapter 9 Chlorosulfonated Polyethylene and Alkylated Chlorosulfonated Polyethylene	301
<i>Robert C. Klingender</i>	

Chapter 10	Ethylene Vinyl Acetate Elastomers (EVM) (ASTM Designation AEM)	343
	<i>Hermann Meisenheimer and Andrea Zens</i>	
Chapter 11	Polysulfide Elastomers.....	369
	<i>Stephen K. Flanders and Robert C. Klingender</i>	
Chapter 12	Plasticizers, Process Oils, Vulcanized Vegetable Oils	387
	<i>Peter C. Rand</i>	
Chapter 13	Vulcanization Agents for Specialty Elastomers	409
	<i>Robert F. Ohm</i>	
Chapter 14	Antioxidants for Specialty Elastomers	429
	<i>Russell A. Mazzeo</i>	
Chapter 15	Processing Aids for Specialty Elastomers	477
	<i>Jerry M. Sherritt</i>	
Chapter 16	Considerations in the Design of a Rubber Formulation.....	493
	<i>Robert C. Klingender</i>	
	Part A: Oil Field Elastomeric Products	495
	<i>Robert C. Klingender</i>	
	Part B: Life Prediction	515
	<i>John Vicic</i>	
	Part C: Compression, Transfer, and Injection Molding of Specialty Elastomers	519
	<i>Robert W. Keller</i>	
Index		543
