

**CONTENTS**

1. Introduction to Laser Safety and Hazards	1
2. Basics of Lasers	4
3. Biological Effects of Laser Radiation	12
4. Associated Laser Hazards	25
5. Laser Measurements	35
6. Protective Standards	50
7. Laser Beam Hazard Evaluation and Classification	92
8. Control of Laser Radiation Hazard	108
9. Control of associated Laser Hazards	133
10. Public Laws	143
11. Laser Safety Program	220
12. Safety in Classroom Laser Use	234
13. Medical Surveillance	241
14. Laser Protective Eyewear	248
15. Atmospheric Effects	267
Appendix A: Definitions/Laser Terminology	277
Appendix B: New York states Industrial Code Rule 50, Lasers	303
Appendix C: Class Level of Accessible Laser Radiation	329
Index	341
