

**CONTENTS**

<b>Overview</b>	<b>vii</b>
-----------------	------------

**SESSION I : PROBLEMS OF BENCH TESTING – CORRELATION WITH INDUSTRIAL EQUIPMENT**

On the Reasons That Make Bench Tests Unreliable	3
Limitations of Bench Testing for Gear Lubricants	15
Use of Bench Tests to Evaluate Water-Glycol Hydraulic Fluid Lubrication	33

**SESSION II : BENCH TESTS AND TEST DEVELOPMENT – A**

The Lulea Ball and Disc Apparatus	53
A Spiral Orbit Rolling Contact Tribometer	68
M-ROCLE Diesel and Biodiesel Fuel Lubricity Bench Test	81

**SESSION III : BENCH TESTS AND TEST DEVELOPMENT – B**

Assessment of the Tribological Function of Lubricants for Sheet Metal Forming	97
Determination of Gear and Bearing Material Scuffing Limits Using High-Speed Disc Machines	109
Effects of Friction Modifiers on Wear Mechanism of Some Steels Under boundary Lubrication Conditions	125
Testing Extreme Pressure and Anti-Wear Performance of Crankcase and Gearbox Lubricants	140
Tribological Testing of Lubricants and Materials for the System “Piston Ring/Cylinder Liner”	153
Aircraft Hydraulic Pump Tests with Advanced Fire-Resistant Hydraulic Fluids	168
A New Device for Traction Measurement on Ice	185

**SESSION IV : ANALYSIS**

Influence of Test Parameters on Tribological Results – Synthesis from Round Robin Tests	199
Identification of Boundary Friction Coefficient Under Mixed Lubrication in Block-on-Ring Friction Tester with Aid of Partial EHL Analysis	210
Investigation of Frictional Properties of Lubricants at Transient EHD-Conditions	221
Bench Test Determinations of Wear Modes to Classify Morphological Attributes of Wear Debris	235
A New Look at an Old Idea : The Torque Curve Revisited	258
Evaluation of Fretting Wear Under Oscillating Normal Force	267
The Use of Tribological Aspect Numbers in Bench Test Selection – A Review Update	283
Corrosive Wear Testing of Metals in Seawater	296

## **SESSION V : MODELING AND SIMULATION**

Simulation of Tribological Performance of Coatings for Automotive Piston Ring and Timing Chain in Bench Testing	309
Tribology Testing for Load Carrying Capacity of Aircraft Propulsion System Lubricating Oils	318
Author Index	333
Subject Index	335
